Federer, William Joseph Federer, 1994 An Invaluable resource highlighting America's noble heritage profound quotes from founding fathers presidents statesmen scientists constitutions court decisions for use in speeches papers debates essays **America's God** Mark A. Noll, 2002-10-03 Religious life in early America is often equated with fire and brimstone Puritanism yet by the nineteenth century Americans had moved away from the severe European traditions of which Puritanism was the most influential In its place arose a singularly American set of beliefs marked by heightened spiritual inwardness a new confidence in individual reason and an attentiveness to the economic and market realities of Western life In America's God Mark Noll has given us the definitive history of Christian theology in America from the time of Jonathan Edwards to the presidency of Abraham Lincoln *The Household Book of Poetry* Charles Anderson Dana, 1884 *A Chronology of the Bible* Yosef Ben-Jochannan, 1995 **Interpreting 2 Peter through African American Women's Moral Writings** Shively T. J. Smith, 2023-03-15 Shively T J Smith reconsiders what is most distinct troubling and potentially thrilling about the often overlooked and dismissed book of 2 Peter Using the rhetorical strategies of nineteenth century African American women including Ida B Wells Jarena Lee Anna Julia Cooper and others Smith redefines the use of biblical citations the language of justice and righteousness and even the matter of pseudonymity in 2 Peter She approaches 2 Peter as an instance of Christian cultural rhetoric that forges a particular kind of community identity and behavior This pioneering study considers how 2 Peter cultivates the kind of human relations and attitudes that speak to the values of moral people seeking justice in the past as well as today **How the English Language Controls the World** Jack Tafoya, 2009-10 This book offers a very clever and provocative look at the origins of the English language and how it controls the thoughts of the masses It takes the reader deep into the mystery surrounding the origins of the English Language the most ingenious and diabolical mind control tool

ever devised by man The material in this book lays out clearly how language shapes human thoughts via the media and how large bodies of human thought energy shapes events How could anything be more powerful dictatorial and persuasive than this This book has the answers painstakingly brought forth by its author over many years of hard research *The Oxford Handbook of the Bible in America* Paul C. Gutjahr, 2017 Early Americans have long been considered A People of the Book Because the nickname was coined primarily to invoke close associations between Americans and the Bible it is easy to overlook the central fact that it was a book not a geographic location a monarch or even a shared language that has served as a cornerstone in countless investigations into the formation and fragmentation of early American culture Few books can lay claim to such powers of civilization altering influence Among those which can are sacred books and for Americans principal among such books stands the Bible This Handbook is designed to address a noticeable void in resources focused on analyzing the Bible in America in various historical moments and in relationship to specific institutions and cultural expressions It takes seriously the fact that the Bible is both a physical object that has exercised considerable totemic power as well as a text with a powerful intellectual design that has inspired everything from national religious and educational practices to a wide spectrum of artistic endeavors to our nation's politics and foreign policy This Handbook brings together a number of established scholars as well as younger scholars on the rise to provide a scholarly overview rich with bibliographic resources to those interested in the Bible's role in American cultural formation A Partial Translation from English Into Dutch of the Novel American Gods, Written by Neil Gaiman, with an Introduction to Norse and World Mythology Wim Wuyts, 2002 *A Broad Place* Jurgen Moltmann, 2013-01-25 Among the most acclaimed and accomplished theologians of the last 100 years Jurgen Moltmann is also one of the most popular This autobiography will certainly be widely read in the churches and the academy and will shed light on the intellectual development of this enormously influential theologian He has marked the history of theology after the Second World War in Europe and North America like no other He is the most widely read quoted and translated theologian of our time Now after Jurgen Moltmann has celebrated his eightieth birthday he looks back on a life engaged in and forging a Christian response to the tumult and opportunities of our time In his autobiography Jurgen Moltmann tells his life story from the Hamburg youth in the alternative parental home up to the present moment and he reflects on the journey of his own theological development and creativity A wide ranging document alert to the deeper currents of his time and ours A Broad Place is an entertaining reconsideration of a life full of intense experience and new beginnings Conversations with Neil Gaiman Joseph Michael Sommers, 2018-09-10 Neil Gaiman b 1960 currently reigns in the literary world as one of the most critically decorated and popular authors of the last fifty years Perhaps best known as the writer of the Harvey Eisner and World Fantasy Award winning DC Vertigo series The Sandman Gaiman quickly became equally renowned in literary circles for works such as Neverwhere Coraline and American Gods as well as the Newbery and Carnegie Medal winning The Graveyard Book For adults for children for the comics reader to the

viewer of the BBC's Doctor Who Gaiman's writing has crossed the borders of virtually all media and every language making him a celebrity on a worldwide scale The interviews presented here span the length of his career beginning with his first formal interview by the BBC at the age of seven and ending with a new unpublished interview held in 2017 They cover topics as wide and varied as a young Gaiman's thoughts on Scientology and managing anger learning the comics trade from Alan Moore and being on the clock virtually 24/7 What emerges is a complicated picture of a man who seems fully assembled from the start of his career but only came to feel comfortable in his own skin and voice far later in life The man who brought Morpheus from the folds of his imagination into the world shares his dreams and aspirations from different points in his life including informing readers where he plans to take them next

God's Interpreters: The Making of an American

Mission and an African Church Les Switzer, 2023-10-20 This study of the pioneer mission to the Zulu people differs from others in South African mission studies by offering a more nuanced understanding of the relationship between mission and church during the formative stages in the making of an African Christian community both in America and in British Natal Critical scholars continue to view the Western mission enterprise as an adjunct if not a tool of colonialism or at best a clash of cultures between white mission powerbrokers and powerless black Christian acolytes The author argues that they were partners from the beginning and in this endeavor the Christian identities of the missionaries as well as the Zulu were changed forever

Conceived

in Doubt Amanda Porterfield, 2012-04-02 Americans have long acknowledged a deep connection between evangelical religion and democracy in the early days of the republic This is a widely accepted narrative that is maintained as a matter of fact and tradition and in spite of evangelicalism's more authoritarian and reactionary aspects In *Conceived in Doubt* Amanda Porterfield challenges this standard interpretation of evangelicalism's relation to democracy and describes the intertwined relationship between religion and partisan politics that emerged in the formative era of the early republic In the 1790s religious doubt became common in the young republic as the culture shifted from mere skepticism toward darker expressions of suspicion and fear But by the end of that decade Porterfield shows economic instability disruption of traditional forms of community rampant ambition and greed for land worked to undermine heady optimism about American political and religious independence Evangelicals managed and manipulated doubt reaching out to disenfranchised citizens as well as to those seeking political influence blaming religious skeptics for immorality and social distress and demanding affirmation of biblical authority as the foundation of the new American national identity As the fledgling nation took shape evangelicals organized aggressively exploiting the fissures of partisan politics by offering a coherent hierarchy in which God was king and governance righteous By laying out this narrative Porterfield demolishes the idea that evangelical growth in the early republic was the cheerful product of enthusiasm for democracy and she creates for us a very different narrative of influence and ideals in the young republic

Eastern Orthodoxy Illuminated by the Gospel Ivica StamenkoviA++, 2023-10-24

Eastern Orthodoxy illuminated by the Gospel is one of the greatest books ever written about the Orthodoxy Reading the book Eastern Orthodoxy illuminated by the Gospel is like climbing a high mountain where your visual field gets expanded with each step discovering new and exciting details and finally gives an exceptional panoramic view that evokes the strongest feelings Each new line is like a new stair leading to a highest top from where you can observe the whole Orthodoxy Orthodoxy from God s perspective Light of the glorious Gospel and Christ s teachings shines like the sun throughout this book illuminating a complete profession of faith of the Eastern Orthodox Church Sladjan Djuric Author of the book Only Scripture Serbia I have never understood why Eastern Orthodox people practice or believe certain things When I would ask I would either get silence or a very confusing and superficial answer Ivica s book made those mysterious things clear for the first time and helped me understand the essence and the roots of the Orthodox religion Without exaggeration I think this is a first class apologetic manual ever written Everyone who is called to work with Orthodox believers should have this book because it can help them understand the people who practice Eastern Orthodoxy and give them directions how to pray and preach the Gospel more efficiently 2 Corinthians 4 3 4 Ephesians 6 12 Jan Vareca Editor of a Christian e magazine The trumpet of Zion Serbia Eastern Orthodoxy has been largely unknown in the West but in the recent years there has been a surge of interest particularly among Christians of Protestant Evangelical orientation many of whom wish to find out more about this mystical expression of faith that captivates by its ancient charm and connection to the early church fathers The book Eastern Orthodoxy Illuminated by the Gospel by Ivica Stamenkovic will unlock the mysteries of Eastern Orthodoxy for the Western readers A native of Serbia a country with a strong Eastern Orthodox majority Ivica had the advantage of studying Eastern Orthodoxy at its source The product of his studies is a volume that deserves to be called nothing less than a textbook on Eastern Orthodoxy and probably the first of its kind available in the English language His clear scholarly approach leaves no stones unturned Needless to say a study such as this one has been long overdue in the West Even though scholarly the book is by no means dry and is an enjoyable read cover to cover Alex Jovanovic Pastor of Mooretown Brethren in Christ Church Sandusky Michigan USA

Defending the Faith Dr. Henry M. Morris, 1999-09-01 When Jude wrote his Epistle he implored believers in all ages to be diligent in their defense of the faith And the faith clearly was and is belief in Jesus Christ as Creator and Redeemer So just as Solomon assured us that there is nothing new under the sun we re not surprised that there are attacks on the gospel today Jude was just as familiar with these enemies of the gospel in his time Now author Henry Morris offers up a brand new look at these age old attacks on the faith tackling a breathtaking range of issues from science and the Bible to liberal criticisms of the Bible A powerful weapon in the battle for truth *Defending the Faith* doesn t shrink from the fight but rather speaks the truth in love

[Still Letting My People Go](#) Jack R. Davidson, 2018-07-11 Eli Washington Caruthers's unpublished manuscript *American Slavery and the Immediate Duty of Southern Slaveholders* is the arresting and authentic alternative to the nineteenth century hermeneutics that supported slavery On the basis of Exodus 10:3 Let my people go that they may serve me Caruthers argued that God was acting in history against all slavery Unlike arguments guided largely by the New Testament Caruthers believed that the Exodus text was a privileged passage to which all thinking on slavery must conform As the most extensive development of the Exodus text within the field of antislavery literature Caruthers's manuscript is an invaluable primary source It is especially relevant to historians' current appraisal of the biblical sanction for slavery in nineteenth century America because it does not correspond to characterizations of antislavery literature as biblically weak To the contrary an analysis of Caruthers's manuscript reveals a thoroughly reasoned biblical argument unlike any other produced during the nineteenth century against the hermeneutics supporting slavery
