America: The Last Best Hope (Volume I) William J. Bennett, 2007-04-15 America how well do you know your history Who quelled a coup d etat by putting on a pair of reading glasses Which U S senator was nearly caned to death on the Senate floor Which first lady refused to serve alcohol in the White House What famous inventor was called to find the assassin s bullet in President Garfield s back Which successful candidate for president insisted on telling the truth about his sex scandal Which beloved ex president raced with death and poverty to write his best selling memoirs and which famous humorist came to his rescue Which president carefully read the trial notes of 303 condemned Sioux warriors and spared all but 38 from the hangman s noose Which four eyed future president beat up a drunken bully in a saloon In his Farewell Address Ronald Reagan said if we forget what we have done we will forget who we are This book written by one of Reagan s most loyal lieutenants responds to Reagan s heartfelt call for an informed patriotism We all need to know more about this land we love In this gripping tale of a nation our country s past comes alive Here is the story of those we chose to lead us and what they did with the awesome power we gave them Join Bill Bennett for the great adventure America s teacher will lead you on a voyage of discovery What others are saying William J Bennett artfully and subtly makes connections between our past and current events reminding us that we are intimately and immediately connected to the extraordinary Americans who have bestowed upon us our great heritage T he importance of America The Last Best Hope probably exceeds anything Dr Bennett has ever written and it is more elegantly crafted and eminently readable than any comprehensive work of history I ve read in a very long time It s silly to compare great works of history to great novels but this book truly is a page turner Prepare to have your faith in hope for and love of America renewed Brad Miner American Compass The Role of history is to inform inspire and sometimes provoke us which is why Bill Bennett s wonderfully readable book is so important He puts our nation s triumphs along with its lapses into the context of a narrative about the progress of freedom Every now and then it s useful to be reminded that we are a fortunate people blessed with generations of leaders who repeatedly renewed the meaning of

America Walter Isaacson Benjamin Franklin An American Life For too long Americans have been looking for a history of our country that tells the story of America s triumphs as well as its tragedies Now Bill Bennett has come forward with America The Last Best Hope which tells the story fairly and fully from 1492 to 1914 Americans who have been reading recent biographies of the Founding Fathers will love this book Michael Barone US News World Report Bill Bennett s book will stand as perhaps the most important addition to American scholarship at this the start of the new century For the past fifty years American historians have either distorted American history or reduced it to a mess of boring indictments of our cultural and political heritage With this book Bennett offers to Americans young and old an exciting and enjoyable history of what makes America the greatest nation on earth Brian Kennedy president The Claremont Institute

An American Health Dilemma W. Michael Byrd,Linda A. Clayton,2001-12-21 First published in 2002 An American Health Dilemma is the story of medicine in the United States from the perspective of people who were consistently officially mistreated abused or neglected by the Western medical tradition and the US health care system It is also the compelling story of African Americans fighting to participate fully in the health care professions in the face of racism and the increased power of health corporations and HMOs This tour de force of research on the relationship between race medicine and health care in the United States is an extraordinary achievement by two of the leading lights in the field of public health Ten years out it is finally updated with a new third volume taking the story up to the present and beyond remaining the premiere and only reference on black public health and the history of African American medicine on the market today No one who is concerned with American race relations with access to and quality of health care or with justice and equality for humankind can afford to miss this powerful resource
