Perspectives of Black Histories in Schools LaGarrett J. King, 2019-11-01 Concerned scholars and educators since the early 20th century have asked questions regarding the viability of Black history in k 12 schools Over the years we have seen k 12 Black history expand as an academic subject which has altered research questions that deviate from whether Black history is important to know to what type of Black history

knowledge and pedagogies should be cultivated in classrooms in order to present a more holistic understanding of the group's historical significance. Research around this subject has been stagnated typically focusing on the subject's tokenism and problematic status within education. We know little of the state of K-12 Black history education and the different perspectives that Black history encompasses. The book *Perspectives on Black Histories in Schools* brings together a diverse group of scholars who discuss how K-12 Black history is understood in education. The book's chapters focus on the question: what is Black history and explores that inquiry through various mediums including its foundation, curriculum, pedagogy, policy, and psychology. The book provides researchers, teacher educators, and historians an examination into how much K-12 Black history has come and yet how long it still needed to go.

If the Bough Breaks . . . Danielle Hensley, 2024-07-08. The 2016 presidential election and its aftermath ushered Danielle Hensley into a political, cultural, and spiritual reawakening that also revealed deep divides within her family of origin. She embarked on a quest to educate herself about her white privilege, pervasive judgmentalism, as well as racist, homophobic, and other bigoted ideologies among fellow Christians. She courageously faced

hard truths deep childhood wounds and generational traumas while learning the meaning of loyalty and what true love looks like in the face of seemingly insurmountable divides If the Bough Breaks examines the seemingly universal and growing chasm between the right and the left through the lens of a single family and within the context of the Episcopal Church where such ideological political and spiritual differences can be as subtle as they are pernicious Hensley's tale is also a love story if an unconventional one It is the love story of a daughter sister granddaughter mother fighting passionately against external and internal forces that conspire to destroy love and to continue unhealthy cycles of abuse and denial in her family It is an everyday shero's quest to cling to love and fight mightily for it even if it means letting go of relationships that appear to be broken beyond repair But are they truly irreparably broken Or can love ultimately triumph over fear hers theirs and ours
