SNAIL RACES

**There never is a slower pace
than snails competing in a race.**

On your mark, get set and go.

The one that's way ahead is slow.

The one that's far behind is slower.

Most snails are more stop than go-er.

**Perhaps there are no slower tales
than races made up of such snails.**

responses *Poetry and Pedagogy across the Lifespan* Sandra Lee Kleppe, Angela Sorby, 2018-10-08 This book explores poetry and pedagogy in practice across the lifespan Poetry is directly linked to improved literacy creativity personal development emotional intelligence complex analytical thinking and social interaction all skills that are crucial in contemporary educational systems However a narrow focus on STEM subjects at the expense of the humanities has led educators to deprioritize poetry and to overlook its interdisciplinary multi modal potential The editors and contributors argue that poetry is not a luxury but a way to stimulate linguistic experiences that are formally rich and cognitively challenging To learn through poetry is not just to access information differently but also to forge new and different connections that can serve as reflective tools for lifelong learning This interdisciplinary book will be of value to teachers and students of poetry as well as scholars interested in literacy across the disciplines **Best Books for Children, Preschool Through Grade 6**
