of *Visualizing Elementary Social Studies* offers students a unique way to explore issues and ideas about how to teach social
studies using text pictures and graphics brought together in a stimulating and thoughtful design In this book content and
pedagogy are blended to take advantage of the rich visual context that National Geographic images provide Students who
use this book will explore central teacher education topics in elementary social studies along with concepts and ideas from
social studies disciplines including history geography political science economics and behavioral sciences *Visualizing*
Elementary Social Studies is infused with explorations of how to teach in subject matter contexts given the democratic
purposes of social studies This Wiley *Visualizing* title is a unique book that combines Wiley's expertise in creating top quality
textbooks with rich visual resources such as photographs maps illustrations diagrammatic art and videos and the content and
teaching expertise of new and current authors and unique partnerships *Visualizing Elementary Social Studies* relies heavily
on the integration of these visuals with text to elucidate concepts for students and solidify their understanding of them The
goal is to help students understand the world around them and interpret what they see in a meaningful accurate and exciting
way The content design and layout of the titles take advantage of the full capacity in which students process information
