

APUSH DBQ Rubric

Requirement	Points	Comments
Thesis	1	A thesis must be something that is arguable, meaning that it can't be factual. You should state it in 1-2 sentences in the introductory or concluding paragraph (preferably both).
Contextualization	1	Reference specific events and vocabulary and demonstrate how they relate to the topic of the essay.
Evidence	2 for evidence from the documents; 1 for evidence beyond the documents	You can earn 1 point for accurately describing the content of at least 3 documents. This means that you're able to explain what they're about, not just quote them. However, to earn the full 2 points for using evidence from the documents, you must A) accurately describe the content of at least 6 documents and B) connect their content back to your main argument. To earn the outside evidence point, you must identify a specific historical fact not provided in the sources and explain how it supports your argument.
Analysis and Reasoning	2	You can earn 1 point for sourcing at least 3 documents. Sourcing requires you to show how the historical context, audience, POV, or purpose is relevant to the interpretation of the document (this is basically CHAPP!). Don't worry, you only have to choose one of these sourcing skills for each document that you source! You can earn a second point for complexity. There are several ways to achieve the complexity point. However, one of the reasons so few students achieve it (less than 2%) is because it requires you to demonstrate nuanced historical understanding throughout your essay. For example, if your essay is about change across a time period, you can also discuss continuity. Or, you could introduce a counter argument and show how historical evidence not only supports your argument but goes against the counter argument.
