

Shaping the Foundations of American Foreign Policy

Part A

George Washington's Proclamation of Neutrality, 1793 – Washington warned the country against getting involved in European affairs to prevent the United States from needing to fight a foreign war.

British seizure of the Delaware, 1794 – The British seized the American ship, the Delaware, in 1794 causing tensions in the British-American relationship.

Citizen Genet's protest of American Neutrality, 1793 – Genet was a French ambassador sent to America to promote the French cause. Genet commissioned American ships to attack British and Spanish forces, endangering American neutrality in the European countries. When confronted by Washington and his cabinet, he refused to stop and only stopped when there was an arrest notice sent for him in 1794.

Washington's Farewell Address, 1796 – During his farewell address, Washington once again emphasized how permanent alliances with other countries leads to America being involved in unnecessary wars.

XYZ Affair, 1797 – The United States sent envoys to France to stop their attacks on American ships, but the French did not agree to stop the attacks and also wanted money from the Americans. This damaged the American-French relations.

Spanish cession of Louisiana to France, 1800 – This frightened the United States because they believed the French would try to invade the United States from the Louisiana Territory.

Louisiana Purchase, 1803 – Napoleon sold the Louisiana Territory to the United States in 1803 to fund his war with Britain. This improved American-French relationships since the Americans were no longer afraid that the French would invade the United States from Louisiana.

Chesapeake Incident, 1807 – The Chesapeake Incident was when a British warship attacked an American frigate and took one of the American ship's crew for trial and hanged one of them. This damaged the American-British relations.

Napoleon's Continental System, 1807 – Napoleon blockaded Britain to damage the British economy and in response the British declared that any country that traded with France would become its enemy. This stopped a lot of American trade with Britain and France and created problems with neutrality.

Embargo, 1807 – The Embargo Act of 1807 put an embargo in place, blocking trade with Britain and France. This was done because American sailors were being attacked when trading with one country or the other. This damaged the American economy.

Henry Clay urges war, 1810 – Henry Clay wanted war with Britain and played a significant role in leading the United States to the War of 1812.

Called to the Fire Chet Bush, 2013-01-01 This is the true story of Dr Charles Johnson an African American preacher who went to Mississippi in 1961 during the summer of the Freedom Rides Fresh out of Bible School Johnson hesitantly followed his call to pastor in Mississippi a hotbed for race relations during the early 1960 s Unwittingly thrust into the heart of a national tragedy the murder of three Civil Rights activists he overcame fear and adversity to become a leader in the Civil Rights movement As a key African American witness to take the stand in the trial famously dubbed the Mississippi Burning case by the FBI Charles Johnson played a key role for the Federal Justice Department offering clarity to the event that led to the Voting Rights Act of 1965 This story of love conviction adversity and redemption climaxes with a shocking encounter between Charles and one of the murderers The reader will be riveted to the details of a gracious life in pursuit of the call of God from the pulpit to the streets and ultimately into the courtroom

As a City on a Hill Daniel T. Rodgers, 2018-11-13 How an obscure Puritan sermon came to be seen as a founding document of American identity and exceptionalism For we must consider that we shall be as a city upon a hill John Winthrop warned his fellow Puritans at New England s founding in 1630 More than three centuries later Ronald Reagan remade that passage into a timeless celebration of American promise How were Winthrop s long forgotten words reinvented as a central statement of American identity and exceptionalism In *As a City on a Hill* leading American intellectual historian Daniel Rodgers tells the surprising story of one of the most celebrated documents in the canon of the American idea In doing so he brings to life the ideas Winthrop s text carried in its own time and the sharply different yearnings that have been attributed to it since *As a City on a Hill* shows how much more malleable more saturated with vulnerability and less distinctly American Winthrop s Model of Christian Charity was than the document that twentieth century Americans invented Across almost four centuries Rodgers traces striking shifts in the meaning of Winthrop s words from Winthrop s own anxious reckoning with the scrutiny of the world through Abraham Lincoln s haunting reference to this almost chosen people to the city on a hill that African Americans hoped to construct in Liberia to the era of Donald Trump *As a City on a Hill* reveals the circuitous unexpected ways Winthrop s words came to lodge in American consciousness At the same time the book offers a probing reflection on how nationalism encourages the invention of timeless texts to straighten out the crooked realities of the past

Politics Matthew Grossmann, David A. Hopkins, 2016 The Republican Party is the vehicle of an ideological movement whereas the Democratic Party is a coalition of social groups with concrete policy concerns Democrats prefer a more moderate party leadership that makes compromises whereas Republicans favor a more conservative party leadership that sticks to principles Each party finds popular support for its approach because the American public simultaneously favors liberal positions on specific policy issues and conservative views on the broader role of government **Common Core** Nicholas

Child Activist Literature at the Turn of the 2020s Niall C. Nance-Carroll, 2024-10-29 Child Activist Literature at the Turn of the 2020s From Kids You Read About to Kids You Read looks at how today s child activists are not just followers in their forekids footsteps but blazers of new pathways employing sophisticated rhetorical strategies that invert and subvert conventional thinking on the roles of children in politics These young activists situate their work within a dense web of texts the ones they read the ones they write and the ones that they expect adults to deploy to dismiss them Nance Carroll analyzes

texts authored by child activists alongside narratives of youth activism in literature and media and the stories activists tell about themselves and their work exploring issues of influence inspiration and authorship in child activist literature as a growing body of work challenges not just adults assumptions about children and politics but also some fundamental disciplinary tenets of children s and young adult literature *Monthly Index of Russian Accessions* Library of Congress.
