

APUSH Topic 7.8B: The New Deal

Learning Objective 7.B: Explain how the Great Depression and the New Deal impacted American political, social, and economic life over time.

Lesson Instructions:

1. Review the 7.10 Lecture Notes files prior to delivering lecture.
2. Print and hand out the 7.10 Student Handout graphic organizers at the start of class. Students can take notes on the handout during the lecture.
3. Display the 7.10 Lecture Notes Google Slides presentation. You'll notice that the slides are primarily visual. This will allow students to listen to you while you deliver the lecture. If there is something you want students to write down, repeat it for the class. *Alternative option:* You could also print the lecture notes and give them to your students to read. Students could try to complete the graphic organizer using the information they pick up from the lecture notes.
4. The Google Slides presentation begins with a Point-of-View activity. This warm-up helps students understand the key differences between Hoover and FDR.
5. The lecture notes on the New Deal are more extensive than my notes for many other topics. I took most of these notes while attending a Gilder Lehrman summer institute with David Kennedy, author of *American Pagans* and *Freedom From Fear*. Don't feel pressured to cover all of the details over all of the New Deal programs that are in the notes. Pick a few that you think will resonate with your students or that you think are the most historically significant. For me, I usually stick to the SEC, FDIC, FHA and Social Security. In the course I took with David Kennedy, he argued that these were the four that had the most long term significance.
6. Use the SAQ below as a formative assessment/exit ticket or a bellringer the following day. This will help you determine if your students absorbed the material. Refer to scoring notes below.
