Digital Competition Law in Europe Marc Wiggers, Robin Struijlaart, Joost Dibbets, 2023-07-14 Digital competition a term and concept that has risen to the forefront of competition law may be viewed as both promising and cautionary on the one hand it brings the promises of increased speed efficiency and objectivity and on the other it entails potential pitfalls such as hard to identify pathways to unfair pricing dominant positions and their potential abuse restriction of choice and abuse of personal data Accordingly jurisdictions around the world are taking measures to deal with the phenomenon In this concise but thoroughly researched book both informative and practical lawyers from two prominent firms with specialised digital competition teams take stock and examine the state of digital competition in the enforcement practices of six competition authorities in Europe most of these forerunners in the field of digital competition policy and enforcement The competition authorities surveyed are those of the European Union the United Kingdom France Germany the Netherlands and Belgium For each an overview spanning the period from 2012 to mid 2022 but including as many landmark cases as possible up to and including December 2022 includes

not only landmark cases in which digital technologies have had a significant impact on the competition law outcome but also guidance documents such as speeches policy statements industry surveys and research reports Activities and enforcement practices of the various authorities include the following and more degree of activity focus of the activity enforcement styles enforcement instruments visible effectiveness of enforcement and important insights and outlooks Each overview contains separate chapters on cartel prohibition the prohibition of abuse of a dominant position and merger control Additional chapters partially written by guest authors who are all without a doubt true thought leaders Tristan Byrne Giuseppe Colangelo Ai Deng Teodora Groza Daniel M ndrescu Wolf Sauter Thibault Schrpel and Gareth Shier evaluate the similarities and differences in the enforcement practices and the positive and negative effects of digital competition in the jurisdictions investigated the economic context the most important game changers and a concluding chapter offers recommendations An indispensable guide to quickly and accessibly acquiring in depth knowledge of competition law in the digital sector this matchless volume is a must read for any practitioner or academic who encounters competition law related to digital markets The dilemmas and challenges of the new competition law reality which is here already like it or not are clearly explained here for the benefit of regulators academics policymakers judges in house counsel and lawyers specialising in competition law and intellectual property law

Aerodrome Governance in Asia Sandeepa Bhat B.,2025-09-26 This book disseminates valuable information from both legal and managerial sides related to airport governance in Asia With the expansion of existing airports and construction of new airports legal and managerial aspects have become most significant for different stakeholders Recognizing the continuous rising importance of the sector aviation law and management courses are also being offered across the globe The book caters to the needs of a wide spectrum of readers including scholars researchers and students of law aviation

management international relations and related fields policymakers regulators and government officials who are involved in regulating managing and developing aerodromes in Asian countries and professionals in aviation industry including airport operators airlines aviation consultants and legal practitioners *Handbook on E-marketing for Tourism Destinations* World Tourism Organization,European Travel Commission,2008 This handbook is the fourth in a series of joint publications by the European Travel Commission ETC and the World Tourism Organization UNWTO in the area of methodological manuals The first three manuals were Evaluating NTO Marketing Activities ISBN 9789284406364 Tourism Market Segmentation ISBN 9789284412075 and Tourism Forecasting Methodologies ISBN 9789284412389 The internet and other new technologies have changed the tourism industry in an unprecedented way and keeping pace has become challenging Online information is now one of the primary influences on consumer decisions in nearly all major markets For example 41 per cent of tourists arriving in Spain in 2007 had booked through the internet and in the United States the number of trips bought online exceeded those purchased offline Such changes are impacting and influencing the way destinations and companies manage and market themselves **The Eurabia Myth** Mehammed Amadeus Mack,2025-11-18 The roots and reach of Great Replacement theory in France and beyond The Eurabia Myth delves into the origins and evolution of far right anxieties about the future of a Europe that welcomes postcolonial migration racial and ethnic diversity and tolerance of Islam Nationalists deploy the specter of Eurabia an Arabized and Islamized Europe as a doomsday scenario of demographic replacement that only they can avert Mehammed Amadeus Mack traces this dark vision to a sociopolitical conspiracy theory that began in France spread throughout Europe and has become especially virulent in the United States Great Replacement Theory Examining how the Eurabia narrative gained traction Mack analyzes dystopian fiction that envisions how this Replacement will take place the contemporary politicization of medieval history and ecofascist rhetoric depicting immigrants as an invasive species He also interviews prominent French activists of color about how they subvert being portrayed as Replacers and destroyers of European civilization and he explores the American echoes of the Great Replacement Theory Innovatively deploying gender and sexuality theory to the concept of Eurabia Mack demonstrates that the demographic and racial anxieties underlying Great Replacement Theory are intertwined with a more fundamental crisis of masculinity evident in the far right s accusations that feminists and the LGBT community are responsible for the decline in white birth rates As it uncovers the deeper roots of this pervasive theory The Eurabia Myth shows its insidious relevance to a rising tide of nativist fear hatred and violence Retail e book files for this title are screen reader friendly with images accompanied by short alt text and or extended descriptions [The Cumulative Book Index](#) ,1996 A world list of books in the English language
