What is e-book? Nicolae Sfetcu, 2014-05-10 The e book guide for publishers how to publish EPUB format ebook readers and suppliers An electronic book also e book ebook electronic book digital book is a book length publication in digital form consisting of text images or both and produced on published through and readable on computers or other electronic devices An e book can be purchased borrowed downloaded and used immediately whereas when one buys or borrows a book one must go to a bookshop a home library or public library during limited hours or wait for a delivery Electronic publishing or ePublishing includes the digital publication of e books and electronic articles and the development of digital libraries and catalogues EPUB short for electronic publication alternatively capitalized as ePub ePUB Epub or epub with EPUB preferred by the vendor is a free and open e book standard by the International Digital Publishing Forum IDPF Self publishing is the publication of any book or other media by the author of the work without the involvement of an established third party publisher One of the greatest benefits brought about by ebooks software is the ability for anyone to create professional ebooks without having to fork out thousands of dollars to design and publish a book People can easily become authors overnight and earn income from selling

online ebooks *Strategic Autonomy and Economic Power* Vitor Bento, 2022-08-04 This book examines the effect of economic power on a state's strategic autonomy. Strategic autonomy is a fundamental condition for the availability of strategic options in the interaction of states. This book provides the first clear operational definition of the concept and offers an analysis of the relevance of the national economy to strategic autonomy. The main sources of economic power, size of the economy, position in trade and technological networks, savings, wealth, and finance, and their impact on strategic autonomy are analyzed in depth. The strategic governance of the national economy is also addressed as a way of ensuring that national economic power can work as strategic power for a country, providing it with strategic autonomy. The strategies pursued by China, which in under four decades has gone from an underdeveloped state to the main challenger of the dominant world power, and Germany, which despite being defeated in World War II, having no nuclear weapons, and having chosen to be a civilian power, became the dominant power in Europe, are analyzed in depth as two paradigmatic examples of the theory developed by the book. This book will be of much interest to students of strategic studies, economics, foreign policy, and International Relations.

Living More Human(e)ly? Rebecca Leong, 2025-04-22 Does it really matter who one chooses to marry and how one makes a choice as to who to marry, or is it basically true that you always marry the wrong person? Was Jane Austen right in her portrayals of couples marrying for love, for comfort, or for both? What about arranged marriages? Does the one exist? How about soulmates? Will getting involved in casual sex or hook-up culture affect one's chances of eventually realizing happy, lifelong monogamy? Are promoters of purity culture basically right that their approach will help lead to happy, lasting marriages? Can there be a way forward through the culture wars? Are dating apps any good? Virtue ethics is sometimes drawn upon for a dependable approach to couple relationships. But what does this approach consist of, and which virtues, as there are potentially very many, should one focus on, particularly when navigating dating culture in contemporary contexts? What light might theology, history, and the human sciences, including sociology and psychology, shed on these matters? Rebecca Leong offers findings from wide-ranging interdisciplinary studies that address these questions and more, in the process developing a five-fold ethic and further building blocks for better approaches to dating in contemporary contexts.

A Practical Guide to Successful Construction Projects Arent van Wassenae, 2017-04-21 Written by experienced and innovative projects lawyer Arent van Wassenae, this book explains what the critical success factors are for construction projects to be completed on time, within everyone's budget, to the right quality, with all stakeholders satisfied, and without disputes. In so doing, van Wassenae discusses how such projects could be structured, tendered, for executed and completed, and what legal and non-legal mechanisms are available to achieve success in construction projects. Using examples of real projects, *A Practical Guide to Successful Construction Projects* provides tools for those in leading and managerial positions within the construction industry to change, where necessary, their usual operational methods into methods which are aimed at achieving project success.

Conversations with Silence Sally Longley, 2021-01-08 Silence: scary, inviting, or both? What do you do with

silence And what if silence was a language we could learn to read hear and even speak This book invites you to tune the eyes and ears of your heart to the cadences of silence Enter into conversations with silence as you are taken on an odyssey Venture into the Australian bush Trek deep into the red desert Encounter shadows and desert dwellers You will also delve into the tiny houses of everyday silences and receive their gifts of hospitality And stumbling into that other territory where silence becomes a death threat or survival an orchard can show you the fruit of life beginning again Conversations with Silence takes you to the Rosetta Stone of an ancient forgotten language a language some have called God or the soul Immerse yourself in the silent realm of mystics musicians poets and pilgrims of every path These are our companions as we explore the nuanced vocabulary of the worlds of silences and join in the conversation with a new voice

Immerse yourself in the artistry of words with Crafted by is expressive creation, **Amazon Kindle Kindle Amazon Kindle User Guide 3rd Edition** .
