

Union Budget Expectations 2013-14

➤Sector	-	Auto	There is not much excitement at the moment in automobile sector. The beginning of FY13 is pretty good for auto companies but to check the current scenario, there seems to be a remarkable weakening. We expect a marginal hike in excise duty for auto industry and a strong chance for a Duty hike on diesel vehicle. The expectations of these changes are very probable which would result in further weakening of auto mobile sector at least for the first two quarters of FY14.
➤Impact	-	Negative	
➤Chances	-	High	
➤Sector	-	Oil and Gas	The government has already taken steps to make the refineries self competent (No Subsidiaries). The government has plans to increase the diesel price in every coming month by 50 paise to remove total subsidiary on diesel. Even the additional duties on diesel vehicles would positively support the refinery companies. We expect that in addition to that budget may more focus on Export parity on refined products against trade parity.
➤Impact	-	Neutral	
➤Chances	-	May be	
➤Sector	-	Power	The overall performance in the Power Sector for FY13 is not impressive or we can say that it's negative. The low availability coal and price hike in fuel is the major concern for power generation companies. We are expecting that for the relief of power generation companies the budget may extend their tax holiday from 10 years to 15 years. There is a low chance of this expectation in budget.
➤Impact	-	Neutral	
➤Chances	-	Low	
➤Sector	-	Banking	Control on inflation numbers and increase in capital expenditure indicated a way out from the dark for the banking sector. There is a remarkable growth seen in the advances of banking sector companies on qoq bases for FY13. We expect that this budget allows PSU banks to increase their authorized capital up to 20000cr. In addition to that we expect that to fulfill the requirement of long term funding, budget may allow banks for tax free infrastructure bonds or some other provisions for long term funding which support capital intensive industries like textile and infrastructure.
➤Impact	-	Positive	
➤Chances	-	High
