Legendary Locals of Boston's South End Hope J. Shannon, 2025-01-22 From the South End's early years as an upper and middle class residential district to its time as an immigrant and rooming house neighborhood and then to its recent urban renewal residents have shaped its legacy and its place within the city of Boston Locals have worked in common to make the South End a safe and vibrant community for over two centuries Notables such as architect Gridley J F Bryant preservation advocate Arthur Howe and pedestrian advocate Ann Hershfang contributed immensely to the built environment Residents like settlement house leader Robert Woods immigrant and author Mary Antin politician and activist Mel King urban gardener Betsy Johnson and lawyer Harry Dow to name a few shaped minds and lives alike Add to their ranks artists like Allan Rohan Crite and Kahlil Gibran jazz club owner Joseph Walcott longtime restaurateurs such as the Foley and Manjourides families and bar owner and gay rights advocate Leo Motsis and a true picture of the South End's history and diversity begins to emerge

Glorious Contentment Stuart McConnell, 2000-11-09 The Grand Army of the Republic the largest of all Union Army veterans organizations was the most powerful single issue political lobby of the late nineteenth century securing massive pensions for veterans and helping to elect five postwar presidents from its own membership To its members it was also a secret fraternal order a source of local charity a provider of entertainment in small municipalities and a patriotic organization Using GAR convention proceedings newspapers songs rule books and local post records Stuart McConnell examines this influential veterans association during the years of its greatest strength Beginning with a close look at the men who joined the GAR in three localities Philadelphia Brockton Massachusetts and Chippewa Falls Wisconsin McConnell goes on to examine the Union veterans attitudes towards their former Confederate enemies and toward a whole range of noncombatants whom the veterans called civilians stay at home townsfolk Mugwump pension reformers freedmen women and their own sons and daughters In the GAR McConnell sees a group of veterans trying to cope with questions concerning the extent of society's obligation to the poor and injured the place of war memories in peacetime and the meaning of the nation and the individual's relation to it McConnell argues that by the 1890s the GAR was clinging to a preservationist version of American nationalism that many white middle class Northerners found congenial in the face of the social upheavals of that decade In effect he concludes the nineteenth century career of the GAR is a study in the microcosm of a nation trying to hold fast to an older image of itself in the face of massive social change

Defending a Way of Life Michael Cassity, 1989-05-22 This book profiles an American community in the nineteenth century to show the larger process by which the nation was transformed from a life close to the frontier to that characteristic of industrial capitalism Michael Cassity considers this economic change from the broader perspective of an historian of the American people offering insights into its social implications and consequences With graceful and moving prose Cassity focuses on the

process of social change the pains that change generated and the resistance to it In the course of this transformation the author examines the ways in which workers farmers businessmen and women experienced and responded to the rise of a new industrial order *Lifting the Shadow* Amy Sodaro,2024-11-15 *Lifting the Shadow* Reshaping Memory Race and Slavery in U S Museums examines a small but significant wave of new U S memorial museums that focus on slavery and its ongoing violent legacies including the Smithsonian National Museum of African American History and Culture Montgomery s Legacy Museum From Enslavement to Mass Incarceration and Greenwood Rising which commemorates the 1921 Tulsa Race Massacre These museums are challenging historical narratives of slavery and race by placing racial oppression at the center of American history and linking historical slavery to contemporary racial injustice but they have opened in a period marked by growing racial tension white nationalism and political division Sodaro examines how the violence of U S slavery and its lasting legacies is negotiated in these museums as well as their potential to contribute to the development of a more critical historical memory of race in the U S at this particularly volatile sociopolitical moment *Self-Rule* Robert H.

The Hollow Parties Daniel Schlozman,Sam Rosenfeld,2025-10-28 A major history from the Founding to our embittered present that explains the void Politico at the center of America s political parties Featured on The Ezra Klein Show and The Weekly Show with Jon Stewart America s political parties are hollow shells of what they could be locked in a polarized struggle for power and unrooted as civic organizations The Hollow Parties takes readers from the rise of mass party politics in the Jacksonian era through the years of Barack Obama and Donald Trump Today s parties at once overbearing and ineffectual have emerged from the interplay of multiple party traditions that reach back to the Founding Daniel Schlozman and Sam Rosenfeld paint unforgettable portraits of figures such as Martin Van Buren whose pioneering Democrats invented the machinery of the mass political party and Abraham Lincoln and other heroic Republicans of that party s first generation who stood up to the Slave Power And they show how today s fractious party politics arose from the ashes of the New Deal order in the 1970s Activists in the wake of the 1968 Democratic National Convention transformed presidential nominations but failed to lay the foundations for robust movement driven parties Instead modern American conservatism hollowed out the party system deeming it a mere instrument for power Party hollowness lies at the heart of our democratic discontents With historical sweep and political acuity The Hollow Parties offers powerful answers to pressing questions about how the nation s parties became so dysfunctional and how they might yet realize their promise *Independent and Weekly Review* ,1899
