Pre-Anesthesia Blood Screen Recommended For ALL Pets

Anesthesia carries some risk (even though it may be small). Therefore blood testing is recommended before general anesthesia. The anesthetic agent is removed from the body by the liver and kidneys, so it is important to know before anesthesia that these organs are functioning at 100%. Blood work can help us make this determination. If there is any indication of organ dysfunction, then appropriate steps can be taken to ensure my pet's safety.

Your veterinarian already may have recommended this procedure. If not, you can elect to have this inexpensive testing performed by marking the appropriate box below. Our laboratory is fully equipped and staffed to perform these tests. Results will be immediately available before general anesthesia and/or surgery. To request this service, please check the appropriate box.

- ☐ Yes, I want my pet to have pre-anesthesia blood screening at **\$66.55**.
- ☐ No, I do not want pre-anesthesia blood screening performed for my pet.

IV Catheter & Fluids Recommended

Intravenous fluids through an IV catheter significantly reduces post-operative pain and enhances patient safety, maintaining proper blood pressure and preventing organ damage.

- ☐ Yes, I want my pet to have an IV catheter and fluids during anesthesia at **\$54.20**.
- ☐ No, I do not want an IV catheter and fluids for my pet.

ECG/Short Dopex/Short A-UG Recommended

An electrocardiogram (ECG) is recommended for all pets prior to general anesthesia. Anesthesia places an added burden on the heart making it important to identify underlying conditions. Our hospital is fully equipped with ECG equipment. This makes rapid evaluation possible, and results will be available before general anesthesia. To request this service, please check the appropriate box. For cats, selecting this option will provide a brief echocardiogram instead of a full Hypertrophic Cardiomyopathy.

- ☐ Yes, I want my pet to have a pre-anesthesia ECG/Short Echocardiogram at **\$63.33**.
- ☐ No, I do not want pre-anesthesia ECG/Short Echocardiogram performed.

Anesthesia Consent Form Template

Lippincott Williams & Wilkins

A red circular graphic with a gradient, appearing as a partial circle or a stylized 'C' shape, located to the right of the Lippincott Williams & Wilkins text.

Anesthesia Consent Form Template:

The Enigmatic Realm of **Anesthesia Consent Form Template**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic.
