Metaphors of ANGER across Languages: Universality and Variation Zoltan Kövecses, Réka Benczes, Veronika Széldi, 2024-11-04 Anger is one of the basic emotions of human emotional experience informing and guiding many of our choices and actions Although it has received considerable scholarly attention in a number of disciplines including linguistics a basic question has still remained unresolved why do variations in the folk model of anger exist across languages if it is indeed a basic emotion rooted in largely universal bodily experience By drawing on a wide selection of comparable linguistic data from dozens of languages including a number of less researched languages this volume provides the most comprehensive account of what is universal and what is variable in the folk model of anger and why It also investigates the role that metonymies might play in the emergence of anger related metaphors and in what ways context influences or shapes anger metaphors and thereby the resulting folk model of anger No such volume exists in the cognitive linguistic literature on anger or on emotions for that matter The book is thus an essential contribution to the study of anger and will serve as basic reading for any researcher interested in how the conceptualization of anger is constructed via the interplay of bodily experience language and the larger cultural context *The Wolf in Their Pockets* Chris

Martin, 2023-03-07 The world has changed And we feel it in our homes schools and congregations We can hardly remember a time when we didn t feel the influence of that back pocket device The average social media user spends about two and a half hours a day using social media That s more than enough time to shape our values and desires Pastors teachers and parents feel their influence slipping away We re seeing increased loneliness disunity and self absorption But where do we go from here In *The Wolf in Their Pockets* Internet expert Chris Martin examines the many ways we are being changed by social

media With a biblically informed voice Martin both exposes the ways the Internet is distorting our life in Christ and shows us how to faithfully respond Martin teaches us how to care for people who are obsessed with followers views and likes and how to love those whose online influences have filled them with cynicism and contempt Martin looks at how the social Internet is changing how we understand sex and beauty what to do about the epidemic levels of anxiety and how to redirect our hearts to worship Jesus Christ Shepherding and leading people has never been easy but the social Internet has brought new challenges We need the miraculous work of the Holy Spirit and a powerful prayer life Martin provides the biblical wisdom direction and hope necessary to combat The Wolf in Their Pockets *Anger Tree* John H. Cary, 2017-06-28 There s a tree that takes anger Trevor Baker is a big heavy and very angry nine year old boy who is the neighborhood and school bully One night after his mother takes away his television he storms out of the house shouting punching and kicking anything in his path Unsatisfied after acting out his violence he comes across the only force that can change him a large old maple tree next to his house that s tall enough to touch his bedroom window on the second floor At first Trevor challenges the tree Then as his anger consumes him he punches and kicks it inflicting minor injuries mostly to his pride but it calms him down Returning to his room Trevor continues talking to himself but is no longer shouting that nobody likes him until he hears a voice It is the tree that becomes his Anger Tree The two become good friends though only Trevor can hear its words so he reads to the tree and it gives him advice telling Trevor there s a bigger world for him to explore This inspirational story will bring out emotions in everyone and it s a book to be read over and over again
