| <b>Describe the emergence of The New Right. What role did religion play in this development?</b> | Many Americans, especially conservatives suburban whites, had become wary of Great Society initiatives and the growth of government responsibility and called for the slashing of numerous programs to limit government spending. At the same time, the fusion of Christian values and the Republican Party occurred in the 1970s, especially surrounding the issue of abortion. | affirmative action<br><br>Moral Majority<br><i>Roe v Wade</i><br>Right to Life                            |
| <b>Describe the presidential and congressional elections of 1980.</b>                            | Former Governor of California (and Hollywood actor), Reagan campaigned on the conservative values of the New Right, winning the presidency in 1980. With the Moral Majority's help, Republicans also established a majority in the Senate for the first time in almost 30 years.                                                                                                 |                                                                                                           |

This directly rejected the decades of adherence to stimulatory practices of Keynesian economics.                                                               | supply-side economics<br>Economic Recovery Act<br><br>"trickle down" theory<br><br>New Deal/Great Society |
