Subtitling Through Speech Recognition Pablo Romero-Fresco,2020-09-30 Based on sound research and first hand experience in the field Subtitling through Speech Recognition Respeaking is the first book to present a comprehensive overview of the production of subtitles through speech recognition in Europe Topics covered include the origins of subtitling for the deaf and hard of hearing the different methods used to provide live subtitles and the training and professional practice of respeaking around the world The core of the book is devoted to elaborating an in depth respeaking course including the skills required before during and after the respeaking process The volume also offers detailed analysis of the reception of respeaking featuring information about viewers preferences comprehension and perception of respoken subtitles obtained with eye tracking technology Accompanying downloadable resources feature a wealth of video clips and documents designed to illustrate the material in the book and to serve as a basis for the exercises included at the end of each chapter The working language of the book is English but the downloadable resources also contain sample material in Dutch French Galician German Italian and Spanish Subtitling through Speech Recognition Respeaking is designed for use as a coursebook for classroom practice or as a handbook for self learning It will be of interest to undergraduate and postgraduate students as well as freelance and in house language professionals It will also find a reading public among broadcasters cinema theatre and museum managers as well as the deaf and members of deaf associations who may use the volume to support future

campaigns and enhance the quality of the speech to text accessibility they provide to their members *Chiefs in South Africa* NA NA,2016-09-23 This book examines the ongoing resurgence of traditional power structures in South Africa Oomen assesses the relation between the changing legal and socio political position of traditional authority and customary law and what these changes can teach us about the interrelation between law politics and culture in the post modern world

Human and Mediated Communication around the World Marieke de Mooij,2013-10-07 This book is unique in the sense that it offers a comprehensive review and analysis of human communication and mediated communication around the world This is one of the first attempts to do so in a systematic comprehensive way It challenges the assumption that Western theories of human communication and mass communication have universal applicability It surveys the applicability of mass communication theories to other than Western cultures The book explains the influence of culture on all forms of communication behavior be it personal mediated or mass communication It presents communication theories from around the world incorporating a vast body of literature from Europe Asia Africa and Latin America This updated information on important international perspectives that includes both interpersonal and mediated communication is presently not readily available in other sources The book offers an integrated approach to understanding the working of electronic means of communication that are hybrid media combining human and mediated communication These new media that are often presented as universal are even more culture bound than the traditional media Suid-Afrikaanse tydskrif vir Afrikatale

,1992 **Culture Wars** Deborah James,Evelyn Plaice,Christina Toren,2010-03-01 The relationship between anthropologists ethnographic investigations and the lived social worlds in which these originate is a fundamental issue for anthropology Where some claim that only native voices may offer authentic accounts of culture and hence that ethnographers are only ever interpreters of it others point out that anthropologists are themselves implanted within specific cultural contexts which generate particular kinds of theoretical discussions The contributors to this volume reject the premise that ethnographer and informant occupy different and incommensurable cultural worlds Instead they investigate the relationship between culture context and anthropologists models and accounts in new ways In doing so they offer fresh insights into this key area of anthropological research The Oxford Guide to the Bantu Languages Lutz Marten,Ellen Hurst-Harosh,Nancy C.

Kula,Jochen Zeller,2025-08-19 This volume brings together leading scholars from Africa Europe the Americas and beyond to provide a detailed account of the languages of the Bantu family which cover an area from Cameroon and Kenya in the north to South Africa in the south The Bantu family is part of the Niger Congo phylum and one of the world s biggest language groups comprising around 500 languages The family includes major languages with large numbers of speakers such as Zulu Kinyarwanda and Swahili the most widely spoken and taught African language as well as many community languages and several endangered languages Bantu languages feature prominently in the complex and multilingual language ecologies that are characteristic of the linguistic situation in much of Africa and they provide rich evidence for the study of theoretical and

comparative linguistics language contact and language change They play an important role in education commerce culture and artistic expression in the media and public discourse in governance and social justice and are central to the future of the continent and the well being of its communities The first part of The Oxford Guide to the Bantu Languages provides background and context with chapters exploring the history of research in the field language and prehistory in Bantu speaking Africa and typology and variation Chapters in the second part offer broad comparative overviews of Bantu phonology morphology syntax semantics and pragmatics socio and applied linguistics before Parts III VII cover more specific topics in Bantu linguistics across a variety of subfields ranging from structural issues such as the augment and melodic tone to historical and sociolinguistic topics such as Bantu languages in the diaspora and language policy and standardization The chapters in the final part offer individual structural overviews of a range of languages from across the Bantu speaking area The book will be an essential resource for students and researchers specializing in the Bantu languages and for typologists and comparative linguists more broadly

Speaking in Unison Kwesi Kwaa Prah, 2002 *Handbook of Research on Protecting and Managing Global Indigenous Knowledge Systems* Tshifhumulo, Rendani, Makhanikhe, Tshimangadzo Justice, 2021-10-08

Indigenous knowledge systems IKS are a combination of knowledge systems encompassing technology social economic and philosophical learning or educational legal and governance systems The lack of documentation of these systems presents a problem as the knowledge is fading away over time In response it is essential that policies and strategies are undertaken to ensure that these systems are protected and sustained for generations to come The Handbook of Research on Protecting and Managing Global Indigenous Knowledge Systems is a comprehensive reference source that works to preserve indigenous knowledge systems through research Focusing on key concepts such as tools of indigenous knowledge management and African indigenous symbols the book preserves and promotes indigenous knowledge through research and fills the void staff and students within the field of indigenous knowledge systems face with the current lack of research and resources This book is ideal for university students lecturers researchers academicians policymakers historians sociologists and anyone interested in the field of indigenous knowledge systems
