And a Time to Die Sharon Kaufman, 2005-04-19 A reassuring and illuminating examination on our conflicting wishes about the end of life how the politics and routines of the American hospital have formed our understanding and experience of death and ultimately why what we consider a good death is so hard to attain In a penetrating and revelatory study medical anthropologist Dr Sharon Kaufman uses two years of intensive observations and interviews with scores of patients family members physicians nurses social workers and other staff at several community hospitals in California to explore the heart of a science driven yet fractured and often irrational world of health care delivery where empathetic yet frustrated hard working yet constrained professionals both respond to and create the anxieties and often inchoate expectations of patients and families who must make decisions they are ill prepared to make She sought out the critically ill the dying and their friends and relatives She followed patients from admission to death days weeks or sometimes months later through what is often for them and their families a Kafka esque journey She asked hospital staff

what they were doing and why and stood beside doctors and nurses observing their work cynicism compassion and frustration And she paid close attention to the most important player of all the hospital bureaucracy and how it impacts the manner and timing of patient death Her investigative research links together the emotional experiences of patients and families the dedicated work of hospital staff and the ramifications of institutional bureaucracy to show the invisible power of the hospital system itself its rules mandates and daily activity in organizing death and individual experience of it The book is the story of real patients and their families an account of what drives the American hospital today and a report on the complex sources and implications of doing something about death *A Time to Die* Hilda Lawrence, 2018-10-17 Just as he encountered murder while off duty in Blood upon the Snow detective Mark East once again finds his vacation interrupted by a mystery Perhaps it was a mistake to return to the same small town On his last visit the streets of Crestwood lay buried in snow This time blazing heat overwhelms the sleepy resort community In the cool of evening locals and summer visitors gather for a church supper Afterward one guest fails to return to the hotel but East refuses to take an interest reasoning that an attractive young woman might have any number of more interesting prospects But everyone insists that it's not like Mary Cassidy to suddenly disappear citing her pleasant ladylike behavior and her kindness to a motherless child As East's host Sheriff Perley Wilcox uncovers further details about the missing woman the detective gradually becomes more and more drawn into the case until his concern is captured by a grotesque discovery in the town's well The suspense builds as East investigates Mary's background and learns that the retiring gentlewoman wasn't at all what she seemed to be and that time is running out for the next victim *A Time to be Born, a Time to Die* Isaac Klein, 1976 *A Time To Live, A Time To Die* Jacqui Ryalls, 2012-04-01 This book emerges from a heart of terror and courage and is a poignant lesson in the power of faith This translates into a fast moving inspirational story where lives are saved against impossible odds The author shows the reader the tragedy of war torn Bosnia at a time when ignorance suspicion and fear were stirred into racial hatred which quickly degenerated into the vicious circle of ethnic warfare Many readers will take great comfort in the author's fortitude and marvel at her ability to see rays of hope penetrating the darkest clouds She conveys the tragedy of Bosnia and demonstrates how when tough love is put into action even when surrounded by pain and hatred one can make a small contribution on the side of good This true story offers hope to victims of violence by helping them to realise that others are prepared to make great sacrifices in order to ease their suffering and in this case save lives against impossible odds It is the quality of child like faith in God which helped the author and her husband through the darkest of hours and which makes this such a potent story because religion only becomes truly meaningful when it can be seen to be working in people's lives and making a difference **A Time to Die** Charles F. McKhann, 2000-07-11 An examination of the dying process as it is experienced in painful and debilitating diseases from the point of view of the sufferers and their families The author considers the idea of assisted suicides and also reflects on religious moral and legal issues involved in someone's death **A**
