originally published in Arabic as *Al Majus* is considered the masterpiece of Ibrahim al Koni one of the most prolific and important writers in Arabic today In *The Fetishists* Al Koni explores what happens when a writer asks the novel to speak of and for the Sahara when rival cultures clash and when communities seek to build a utopia on Earth as individuals struggle between a desire for material well being represented by gold dust and a need for spiritual meaning As the story opens Sultan Oragh of Timbuktu who has already lost most of his power to Fetishist Bambara leaders of the forestlands fears he will lose his only daughter Tenere as a human sacrifice to their god Amnay The sultan sends Tenere to seek refuge with fellow Tuareg nomads in the plain But even in their traditional nomadic community a competition rages between jihadi militant Islam moderate Anhi Islam which is the ancient Tuareg Law and the cults of gold dust and of traditional African folk religions In this epic novel Al Koni blends Tuareg folklore and history with intense fond descriptions of daily life in the desert creating a mirror for life anywhere Through its tragic rendering of a clash between the Tuareg and traditional African civilizations the novel profoundly probes the contradictions of the human soul as it takes the reader on a unique spiritual adventure inside the Tuareg world

Passion of Israel Richard Francis Crane, 2014-04-15 In his lifetime French philosopher Jacques Maritain 1882 1973 achieved a reputation as both a leading Catholic intellectual and an outspoken critic of anti-Semitism Here historian Richard Francis Crane traces the development of Maritain's opposition toward anti-Semitism and analyzes the Catholic appreciation of Judaism that animated his stance Crane probes the writings and teachings of Maritain before during and after the Holocaust and illuminates how Maritain's ideas altered Christian perceptions of Jews and Judaism during his lifetime and continue to do so today

Not Passion's Slave Robert C. Solomon, 2003 The new emphasis on evolutionary biology and neurology has mistakenly reinforced the popular prejudice that emotions happen to us and are entirely beyond our control Jacket

The Battle of Verdun Alan Axelrod, 2016-04-01 The Great War ate men machines and money without mercy or remission At the end of 1915 the German army chief of staff Erich von Falkenhayn believed he knew how to finally kill the beast and win the war On Christmas day 1915 Falkenhayn sent a letter to Kaiser Wilhelm II proposing a campaign to demoralize Britain whose industrial might and maritime power were the foundation of the alliance against Germany while also knocking France out of the war He wrote that the strain on France has reached breaking point If we succeed in opening the eyes of her people to the fact that in a military sense they have nothing more to hope for that breaking point would be reached and England's best sword knocked out of her hand His plan was to attack a single point the French perceived as so vital that they would be compelled to throw in every man they have Falkenhayn concluded If they do so the forces of France will bleed to death or as he put it later the French army would be bled white Falkenhayn's target of choice was Verdun a place that throughout virtually all of the history of Europe had been a fortress Located within a loop of the Meuse River it occupied a strategic blocking position in the Meuse River valley As recently as the Franco Prussian War of 1871 Verdun had been the last of the French fortified cities to hold out against the German onslaught After that war it had been vastly

augmented so that it was now a circle of detached forts surrounding a central citadel The town of Verdun itself also fortified was likewise encircled by forts distributed in a five mile radius The combined massive complex guarded not only passage through the river valley region but also dominated a key railroad junction leading to points south southwest west and north in France Along with the related but separate Battle of the Somme Verdun was among the most deadly battles in history To understand this struggle is to understand all of World War I including the principal stated motive of Woodrow Wilson for bringing the United States into the European War in April 1917 For him Verdun proved both France s determination to win at all costs and the likelihood that without help it would be defeated nevertheless The unparalleled barbarity of Verdun a product of the Old World convinced the American president that only the principal nation of the New World could finally alter the grim course of human destiny While many both in 1916 and in the decades that followed saw Verdun as a bloody monument to the inescapable futility of war Wilson saw in it a hope for fighting what he would call a war to end all wars
