Marriage from the Heart Donald R. Downing, 2010-04 Marriage is God's idea. He has no bad ideas. He brought Eve to Adam, married them, and they lived as husband and wife for over 900 years. Genesis 2:21-25 and 5:5. By this, we can conclude that divorce was not God's idea but Satan's idea to destroy God's ideas, plans, and purpose of marriage between a man and a woman. We seek to find the right person when the greater picture is to be the right person. Man sets the time for the wedding, but God sets the time for the marriage. There is a great difference between a wedding and a marriage. Many walk down the aisle to be wedded for all the wrong reasons. Saying "I do" and placing wedding rings upon fingers does not always mean they are married within their hearts. This book reveals that a man and a woman may marry and yet not be a true husband and wife. It stresses the importance of friendship, courtship, engagement, and being married from the heart. Introducing a revolutionary approach to the covenant of marriage, this book addresses commitment, romance, love, keeping a right heart, a sound mind, and a pure relationship. Dr. Donald R. Downing is a heart physician and specialist from God to the body of Christ. He has written over 12 books and considers *Marriage from the Heart* to be one of his most important writings. He believes the only way to defeat the high rate of divorce and separation is to restore romance to the relationship and to be truly married from the heart. FEATURING DRS MELVIN AND ROBIN THORNHILL. Melvin and Robin Thornhill are the founders and presidents of Destiny New Image Ministries. They have a combined 50 years of experience in family and marriage counseling.

Masculinity, Marriage and Rural Men in Urban China Sarah Gosper, 2024-12-31 This book explores the conjuncture and interrelationship between three so-called crises facing Chinese society: a crisis of marriage, a crisis of masculinity, and a crisis of mobility. Based on sustained ethnographic research on unmarried lower-class rural men from two distinct social and class categories—namely migrant workers employed in the food delivery and express mail delivery industries and tertiary-educated white-collar professionals—the book reveals how the increasing socio-economic precarity of rural men and their largely unrealised desires to marry and have children demonstrates a fundamental reconfiguration of Chinese masculinity and mobility in urban China and the social impact on central Chinese institutions. The book also reveals the futile efforts to fulfil hegemonic models of masculinity in contemporary China and addresses the heterogeneity of unmarried lower-class rural men as they navigate marriage, manhood, and mobility. Exploring gender relations in China and contributing to global studies of heterosexual masculinities, this book will appeal to students and scholars of Chinese culture and society, gender studies, and social anthropology.
