Larson,2001 SHAW 21 offers readers an eclectic perspective on Shaw his works and his contemporaries Basil Langton actor and director reminisces about his early development as an actor his meeting with Shaw and his career as director of many of Shaw s plays He focuses upon Shaw s stagecraft augmenting his views with those of Sybil Thorndike and Sir Lewis Casson whom he interviewed in 1960 Galen Goodwin Longstreth analyzes the correspondence between Shaw and Ellen Terry and argues that the exchange is itself a literary genre a dramatic performance that reveals their personal identities The next two contributors Stanley Weintraub and Andrea Adolph examine the Shaw Virginia Woolf relationship Weintraub focuses on those occasions when their respective lives touched each other what their feelings for each other were and how those occasions were obliquely woven into Shaw s plays most notably Heartbreak House Professor Adolph argues that in Woolf s only dramatic text Freshwater A Comedy she was conforming to the traditional theatrical mode of the day dominated of course by Shaw but that she subverted his traditional literary depiction of paternity as for example the paternity dramatized in Major Barbara Sidney Albert and Bernard Dukore provide unique perspectives on reading Major

Barbara Albert shows how John Bunyan's *The Pilgrim's Progress* serves as Shaw's source for Barbara's progress toward enlightened understanding. Dukore focusing on the perspective of the familial relationship within the play concludes that Shaw's dialectic gives the kids the future and not the dad. It will be the next generation not Father Undershaft who will determine where society will go next. Julie Sparks and Martin Bucco approach Shaw from a comparative basis juxtaposing him with two American writers contemporaries of Shaw: Mark Twain and Sinclair Lewis respectively. Sparks explores the commonality that exists in Shaw's and Twain's thinking about evolution namely their heretical visions of a post-Darwinian Eden. Both viewed conventional Christianity iconoclastically but both arrived at different conclusions about human origin and destiny: a view Sparks describes as emanating from the deist pessimist evolutionary determinist perspective versus the mystic optimistic creative evolutionist perspective or the Personal Godhead versus the Impersonal Force. Professor Bucco enumerates the many references Sinclair Lewis makes to Bernard Shaw throughout his writings both prose and fiction to underscore the American novelist's admiration for the Irish playwright both recipients of the Nobel Prize for Literature. The final two contributors to SHAW 21, Rodelle Weintraub and William Doan, provide the readers with distinctive perspectives on John Bull's *Other Island* and *The Doctor's Dilemma* respectively. Weintraub recasts the play into a dream sequence whereby Doyle's dream becomes an artifice for problem solving. Implied within Father Keegan's lines in the play, "Every dream is a prophecy every jest is an earnest in the womb of Time is the resolution of Doyle's problem with Nora the girl he had left behind and of the dream of modernizing Roscullen." Doan suggests that in *The Doctor's Dilemma* Shaw uses the idea of unconsummated adultery to argue for the efficacy of art over science. In the conflict between the artist and the scientist the latter plans to have the artist's muse. In the end not only is he deprived of the wife but also of the works of art themselves and the spirit that animates them. SHAW 21 also includes three reviews of recent additions to Shawian scholarship as well as John R. Pfeiffer's *Continuing Checklist of Shaviana*. **Our Indian Summer in the Far West** Samuel Nugent

Townshend, 2016-09-12 In 1879 two Englishmen, writer Samuel Nugent Townshend and photographer John George Hyde set out for a pleasant Indian summer on a tour of the American West. The duo documented their travels by steamship and train through Philadelphia, Pittsburgh, and Chicago across the Missouri to the new state of Kansas and the beginning of the western lands and business opportunities that were to become the focus of their narrative. Reprinted here with critical notes and introduction, *Our Indian Summer in the Far West* offers an enlightening and often entertaining perspective on an early moment in the growth of capitalism and industry in the American West. Originally published as a photographic travelogue and guide to British investment in the American West, Townshend and Hyde's account is both idiosyncratic and emblematic of its time. Interested in the West's economic and environmental potential, the two men focused on farming in Kansas, railroads and mining in Colorado, a bear hunt in New Mexico, and ranching in Texas. The sojourners' own foibles also enter the narrative: alerted to the difficulty of finding a hotel with a bath, the two Victorians took along a portable bathtub made of India rubber.

Their words and pictures speak volumes about contemporary attitudes toward race empire and the future of civilization An introduction by coeditor Alex Hunt provides background on the creators and the travelogue genre The recovery and republication of this extremely rare volume an artifact of the Victorian American West make available an important primary document of a brief but pivotal historical moment connecting the American West and the British Empire **Weird Tales 301 (Summer 1991)** Darrell Schweitzer, Stephen King, Ramsey Campbell, 1991-06-01 The special Ramsey Campbell issue of *Weird Tales* presents 4 short stories by this modern master plus stories by Stephen King Robert Bloch and many more
