KINGS QUEENS IS THE FINAL BOOK OF THE VAMPIRE QUEENS TRILOGY *Countering Anthropocentrism* Patrycja Pichnicka-Trivedi, 2025-06-16 This volume offers an eco-critical and post-humanist deconstruction of ecologies, environmentalisms, trans, and post-humanisms represented in the 21st-century vampire narratives. The corpus encompasses the so-called Western narratives (Anglo and Francophone) as well as the Eastern European ones (Polish and Russian). The structural analysis of the vampire narratives focuses on the main topoi: the ecological attitudes and statements as expressed by the actors of the stories themselves; the narratives' attitude towards the animals; the vampire and human actors' diet; the actors and the narrative definition and positioning of the nonhuman. The volume follows the topoi's complex entanglements, presenting a multidimensional insight into the contemporary stances on the world realities.

Contemporary Quality TV LIT Verlag, 2020-01-10 Ever since HBO's slogan "It's Not TV," HBO launched in 1996, so-called quality television has reached a new level of marketing recognition and indeed quality. With other networks imitating the formula, the HBO effect triggered a wave of creative output. This turn to quality set off two shifts: a contemporary television staged an international resurgence of the auteur, and America transformed into an on-demand nation. The chapters in this volume analyze new television lifestyles, including marginalized perspectives, fan participation, and an emerging nostalgia correlated with trash aesthetics.
