A Sociological Phenomenology Of Christian Redemption:

A Sociological Phenomenology of Christian Redemption Paul Gilfillan, 2014-11-03 Despite much of the world's attention turning to Scotland in 2014 in the year of its Independence Referendum this is the only ethnographic study of Scottish nationalism to have appeared so far Based upon over fifteen years of research in a particular locality the author not only gives the reader an intimate portrait of the relations between class and national identity in contemporary Scotland but provides an intimate description of a particular Scottish locality from 1999 to 2014 This patient ethnographic study also gives an account of how the sociological imagination is indispensable in the task of integral liberation as it models how empirical sociological study can give an account of human beatitude and ultimately answer the question of transcendence and integrates with the Christian tradition This book then attempts to state the full significance of Scottish nationalism upon the basis of a full or integral account of fully contextualised Scottish human being and in succeeding in this ambitious endeavour the author has produced a remarkable book that deserves the attention of students of the social sciences and theology alike

Titus Hjelm, 2015-07-02 Is God Back Reconsidering the New Visibility of Religion examines the shifting boundary between religion and the public sphere in Europe and the Middle East Asking what the new visibility of religion means and challenging simplistic notions of living in a post secular age the chapters explore how religion is contested and renegotiated in the public sphere or rather in different publics and the effects of these struggles on society state and religion itself Whereas religion arguably never went

away in the USA the re emergence of public religion is a European phenomenon Is God Back provides timely case studies from Europe as well as extending to the Middle East where fledgling democracies are struggling to create models of governance that stem from the European secular model but which need to be able to accommodate a much more public form of religiosity Discussions include the new visibility of neo Pagan and Native Faith groups in Europe Evangelical Christians and Church teaching on sexuality in the UK and Islamic social Movements in the Arab world Drawing from empirical and theoretical research on religion and national identity religion and media church state relationships and religion and welfare Is God Back is a rich source for students and scholars interested in the changing face of public religion in the modern world including those studying the sociology of religion social policy and theology *From Phenomenology to Existentialism* Dov Schwartz,2012-12-03 Rabbi Joseph B Soloveitchik s philosophy plays a significant role in twentieth century Jewish thought This book focuses on the first and the second stages of Soloveitchik s philosophy 1945 1965 through a systematic and detailed discussion of some of his essays including From There You Shall Seek and The Lonely Man of Faith Schwartz analyzes these essays according to this thesis in the mid 40s Soloveitchik used the phenomenology of religion to express his views while in the 50s he added the existential theory **Future Worlds of Social Science** Lawrence

Practicing Gospel Edward Farley,2003-01-01 Practicing Gospel is a collection of four new and eight previously published essays on the subjects of practical theology homiletics and worship Christian education and pastoral care Edward Farley offers a more faithful approach to the tasks of ministry for seminarians and pastors too often tempted to equate pastoral care with popular psychology good preaching with snappy public speaking or Christian education with flashy curriculum By holding theology and practice in an inescapable partnership Farley rightly re focuses the church s life on its proper object and subject a mysterious transforming God **Sanctification** Michael Allen,2017-10-24 Sanctification the act or process of becoming holy is one of the gifts of the gospel of Jesus Christ but it s often misunderstood by the modern church Sanctification offers a Christ centered and clear account of the doctrine by viewing it within its wider biblical and historical context Churches too often allow their definitions of holiness to be prompted by existential goals or the social mores of the Christian community It s not surprising then that many view holiness as accidental or expendable even as a legalistic posture opposed to the freedom of the gospel and separate from the gift of grace Sanctification part of the New Studies in Dogmatics series defines holiness in theological terms by Providing a framework by discussing the core Christian doctrines associated with it such as the character of God the nature of creation and the covenantal shape of life with God

Considering the ways in which the gospel of Jesus not only prompts us to holy action but provides holiness as one of its blessings Attending to the ways in which the gift of sanctification relates to human means so that we can appreciate its connection to human nature responsibility and the pedagogy of exemplars and of law ABOUT THE SERIES New Studies in Dogmatics seeks to retrieve the riches of Christian doctrine for the sake of contemporary theological renewal Following in the tradition of G C Berkouwer s Studies in Dogmatics this series provides thoughtful concise and readable treatments of major theological topics expressing the biblical creedal and confessional shape of Christian doctrine for a contemporary evangelical audience The editors and contributors share a common conviction that the way forward in constructive systematic theology lies in building upon the foundations laid in the church s historic understanding of the Word of God as professed in its creeds councils and confessions and by its most trusted teachers **Experience of the Sacred** Sumner B. Twiss,Walter H. Conser,1992 A unique and highly accessible anthology of the best in classical and contemporary thought on the phenomenology of religion Sociological Abstracts ,2004 CSA Sociological Abstracts abstracts and indexes the international literature in sociology and related disciplines in the social and behavioral sciences The database provides abstracts of journal articles and citations to book reviews drawn from over 1 800 serials publications and also provides abstracts of books book chapters dissertations and conference papers
