[A Tale of Two Cities \(Illustrated Classics\)](#) Charles Dickens, 2021-03-05. *A Tale of Two Cities* by Charles Dickens. Illustrated Classics. Have a heart that never hardens and a temper that never tires and a touch that never hurts. Charles Dickens. *A Tale of Two Cities* is Charles Dickens's great historical novel set against the violent upheaval of the French Revolution. The most famous and perhaps the most popular of his works, it compresses an event of immense complexity to the scale of a family history with a cast of characters that includes a bloodthirsty ogre and an antihero as believably flawed as any in modern fiction. Though the least typical of the author's novels, *A Tale of Two Cities* still underscores many of his enduring themes: imprisonment, injustice, social anarchy, resurrection, and the renunciation that fosters renewal. Dickens's best-known work of historical fiction, *A Tale of Two Cities* is claimed to be one of the best-selling novels of all time, with purported sales of an estimated 200 million copies. In 2003, the novel was ranked 63rd on the BBC's *The Big Read* poll. The novel has been adapted for film, television, radio, and the stage and has continued to have an influence on popular culture.
