A World Split Apart Dualism In Western Culture And Theology:

A World Split Apart M. James Sawyer, 2016-03-21 Christian faith and theology always reflect the culture patterns of thinking understanding and worldview in which they are planted Western Culture for nearly 2500 years has looked to the philosophical heritage of ancient Greece to interpret reality particularly the dualistic patterns of thinking set forth by Plato and Aristotle In contrast to this Greek dualism Christianity arose out of the Hebraic worldview whose thinking patterns are holistic as opposed to dualistic But both Catholicism and Protestantism have been held captive to various forms of dualism since the fifth century Dualism has robbed Western culture of freedom and cut us off from and hope of a true knowledge of reality in itself Instead it has limited knowledge to mere appearances In the past century the rise of the theories of Relativity and Quantum Mechanics has shown that reality is holistic and interrelated rather than reflecting two underlying irreconcilable dualistic realms **A World Split Apart** provides a survey of dualism and its effects on Western culture and theology And shows that we can truly have a holistic understanding of reality and opens the door for a more profound consistent and rational understanding of the Trinity the person of the incarnate Christ and the implications that these theological realities have for all of life

Resurrecting the Trinity M. James Sawyer, 2018-08-28 The doctrine of the Trinity confounds many Christians Because they do not have a proper understanding of this truth they therefore lack the means to make it meaningful in their theology worship and everyday life **Resurrecting the Trinity** wants to change this In non academic prose this book explains the fuzziness and apathy surrounding the Trinity It provides a fascinating and erudite journey as to how it got this way and then goes on to show how it is the center of everything and how this glorious doctrine exudes with love vitality and richness An expert in historical and systematic theology the author contends that the existence of God as Trinity was the central affirmation of the ancient church and the truth from which all other theological understanding flowed However for us Western Christians both Protestant and Catholic the Trinity has faded into obscurity the light shed by its reality dimmed to the point of nearly flickering out While we still verbally affirm the truth of the Trinity for all practical purposes we have lost its meaning and in the process lost the biblical picture of Jesus Christ as Lord of creation as well Were we to deny the Trinity altogether it is doubtful much would change in our churches on a day to day basis

Wesleyan Perspectives on Human Flourishing Dean G. Smith, Rob A. Fringer, 2021-11-12 Human flourishing is an ever expanding concept that crosses geographic ethnic cultural and religious lines as persons both individually and corporately seek to find happiness fulfillment and purpose This book brings together well established and burgeoning Wesleyan scholars to consider not only John and Charles Wesley's understanding of human flourishing but the broader Wesleyan perspectives on contemporary issues such as calling creation care healthcare education technological enhancements death and dying and more Throughout these chapters the complexities and challenges of life both past and present are explored and grappled with and we are reminded over and over again that God is the ultimate source of flourishing

Dualism the Hellenistic World P.F.M. Fontaine,2023-08-14 *Theology in Reconciliation* Thomas F.

Torrance,1996-12-19 Dealing with the issue of church unity and the ecumenical movement Professor Torrance reminds Christians in a collection of essays that any theology which is faithful to the gospel must be a theology of reconciliation

Dialectic of Romanticism Peter Murphy,David Roberts,2005-10-01 Dialectic of Romanticism presents a radical new assessment of the aesthetic and philosophical history and future of modernity An exploration of the internal critique of modernism treats romanticism later historicism and post modernism as central to the development of European modernism alongside enlightenment and like the enlightenment subject to its own dead ends and fatalities An external critique of modernism recovers concepts of civilization and civic aesthetics which are trans historical simultaneously modern and classically inspired and provides a counter both to romantic historicism and enlightened models of progress Finally a retrospective critique of modernism analyses what happens to modernism s romantic archaic and technological futurist visions when they are translated from Europe to America Dialectic of Romanticism argues that out of the European dialectic of romanticism and enlightenment a new dialectic of modernity is emerging in the New World one which points beyond modernism and postmodernism Liberation Theology Curt Cadorette,Marie Giblin,Marilyn J.
