A Scientific Romance By Ronald Wright:

A Scientific Romance Ronald Wright, 1997 In this critically acclaimed and bestselling novel Ronald Wright has fashioned a story for our times an unforgettable chronicle of love plague and time travel in the tradition of *Nineteen Eighty Four* and *The Handmaid's Tale* From the Trade Paperback edition *Science Fact and Science Fiction* Brian M. Stableford, 2006 Publisher description **A Scientific Romance** Ronald Wright, 1998 It is 1999 in London David Lambert jilted lover and reluctant museum curator is about to discover the startling news of the return of H G Wells time machine to London Motivated by a host of unanswered questions and innate curiosity he propels himself deep into the next millennium **The Case and the Canon** Alessandra Calanchi, Gastone Castellani, Gabriella Morisco, Giorgio Turchetti, 2011 The concept of a constant reformulation of the canon due to the notion of singularity or irreducibility of the case can be applied in both scientific and literary fields In this volume dynamics of interconnections between the case and the canon are analysed by scholars belonging to different disciplines such as physics medicine biology psychoanalysis and literature Particular attention has been given to the science of detection since the techniques of investigation are based on the scientific acquisition of evidence and often imply a scientific abductive process The book is divided into two sections Part I concentrates mainly on literary contributions and psychological issues while part II concentrates on scientific enquiries The contributions have been selected according to two main guidelines The first covers anomalies discontinuities metaphors between science and literature The second focus lies on the case in crime fiction The scientist as detective and the detective as scientist The Best Novels of the Nineties Linda Parent Leshner, 2015-11-17 This reader's guide provides uniquely organized and up to date information on the most important and enjoyable contemporary English language novels Offering critically substantiated reading recommendations careful cross referencing and extensive indexing this book is appropriate for both the weekend reader looking for the best new mystery and the full time graduate student hoping to survey the latest in magical realism More than 1 000 titles are included each entry citing major reviews and giving a brief description for each book *The Cambridge Companion to Utopian Literature* Gregory Claeys, 2010-08-05 Using a combination of historical and thematic approaches this volume engages with the fascinating and complex genre of utopian literature **Unnatural Narrative** Jan Alber, 2016-03-01 A talking body part a character that is simultaneously alive and dead a shape changing setting or time travel although impossible in the real world such narrative elements do appear in the storyworlds of novels short stories and plays Impossibilities of narrator character time and space are not only common in today's world of postmodernist literature but can also be found throughout the history of literature Examples include the beast fable the heroic epic the romance the eighteenth century circulation novel the Gothic novel the ghost play the fantasy narrative and the science fiction novel among others Unnatural Narrative looks at the startling and persistent presence of the impossible or the unnatural throughout British and American literary history Layering the lenses of cognitive narratology frame theory and possible worlds theory

Unnatural Narrative offers a rigorous and engaging new characterization of the unnatural and what it yields for individual readers as well as literary culture Jan Alber demonstrates compelling interpretations of the unnatural in literature and shows the ways in which such unnatural phenomena become conventional in readers minds altogether expanding our sense of the imaginable and informing new structures and genres of narrative engagement Postmodern Science Fiction and Temporal Imagination Elana Gomel,2010-10-28 Through the lens of science fiction this book investigates representations of time in postmodernism **The Cambridge Companion to Literature and the Posthuman** Bruce Clarke,Manuela Rossini,2017 This book gathers diverse critical treatments from fifteen scholars of the posthuman and posthumanism together in a single volume **Retroland** Peter Kemp,2023-08-29 The essential companion for lovers of the contemporary novel Over the past fifty years fiction in English has never looked more various Books bulkier than Victorian three deckers appear alongside works of minimalist brevity and experiments with form have produced everything from verse novels to Twitter thread narratives This is truly a golden age But what unites this kaleidoscopic array of genres and styles Celebrated writer and critic Peter Kemp shows how modern writers are obsessed with the past In a series of engaging and illuminating chapters Retroland traces this novelistic preoccupation with history from the imperial and the political to the personal and the literary Featuring famous names from across the United Kingdom United States and the wider Anglophone world ranging from Salman Rushdie to Sarah Waters Toni Morrison to Hilary Mantel this is a work of remarkable synthesis and clarity a wonderfully readable and enjoyably opinionated guide to our current literary landscape
