A St Century Courtesan:

The Courtesan's Arts Martha Feldman, Bonnie Gordon, 2006-03-23 Courtesans hetaeras tawaif s ji s these women have exchanged artistic graces elevated conversation and sexual favors with male patrons throughout history and around the world In Ming dynasty China and early modern Italy exchange was made through poetry speech and music in pre colonial India through magic music chemistry and other arts Yet like the art of courtesanry itself those arts have often thrived outside present day canons and modes of transmission and have mostly vanished without trace *The Courtesan's Arts* delves into this hidden legacy while touching on its equivocal relationship to geisha At once interdisciplinary empirical and theoretical the book is the first to ask how arts have figured in the survival or demise of courtesan cultures by juxtaposing research from different fields Among cases studied by writers on classics ethnomusicology anthropology and various histories of art music literature and political culture are Ming dynasty China twentieth century Korea Edo and modern Japan ancient Greece early modern Italy and India past and present Refusing a universal model the authors nevertheless share a perception that courtesans hover in the crevices of space time and practice between gifts and money courts and cities subtlety and flamboyance feminine allure and masculine power as wifely surrogates but keepers of culture What most binds them to their arts in our post industrialized world of global services and commodities they find is courtesans fragility as their cultures once vital to civilizations founded in leisure and pleasure are now largely forgotten transforming courtesans into national icons or historical curiosities or reducing them to prostitution

Courtesans and Tantric Consorts Serinity Young, 2004 The wisest teachings of Buddhism say that like all oppositions one must move beyond gender But as Serinity Young shows in this enlightening work the rhetoric of Buddhist texts the symbolism of its iconography and the performative import of its rituals tell different and often contradictory stories In *Courtesans and Tantric Consorts* Serinity Young takes the reader on a journey through more than 2000 years of biographical writings iconographic depictions and ritual practices revealing Buddhism's deep struggles with gender Juxtaposing empowering images of women with their textual repudiation beginning with the Buddha himself who abandoned his wife tantric courtesans who are considered necessary to male enlightenment with fertility rituals designed to ensure male offspring tales of gender bending gods and goddesses with all male heavens Serinity Young draws on a vast range of sources to reveal the colourful and often troubling mosaic of beliefs that inform Buddhist views about gender and sexuality

Italian Women and the City Janet Levarie Smarr, Daria Valentini, 2003 Studies of the city and of women's experiences of the city have focused primarily on modern times especially as modernism was defined in large part by urban life Italy however has a long history of urban centered culture and women have been a vocal part of that culture since the Renaissance This volume therefore looks at the art and literature of both earlier and more modern periods to investigate the meanings of the city for Italian women the intensely gendered meanings for both sexes of those city spaces that excluded women and the conditions that permitted a limited permeability of gendered boundaries Two aspects to the

combination of women and city are salient to these investigations One involves their metaphorical relationship *Urbs citta ville* the words for city tend to be grammatically feminine and a long tradition of representation associates the city with a woman Women especially writers could exploit modify or resist the prevailing uses of such metaphors The second aspect of connection involves social realities What was or is the relation of the female city with the real women who inhabit it What kind of site has it provided for women seeking a satisfying life for themselves How has art and literature by men and by women represented the relationship of female persons or characters to urban spaces Royal Patronage, Power and Aesthetics in Princely India Angma Dey Jhala, 2015-10-06 Investigating the aesthetics of the zenana the female quarters of the Indic home or palace this study discusses the history of architecture fashion jewellery and cuisine in princely Indian states during the late nineteenth and twentieth centuries *The Courtesan's Memory, Voice, and Late Ming Drama* Peng Xu, 2025-09-16 Peng Xu's *The Courtesan's Memory Voice and Late Ming Drama* argues that courtesans of the era played an active role in the theater and their impact manifested in Chinese literary history albeit concealed or erased In the late Ming dynasty 1368 1644 theater was dominated by male performers with professional actresses largely absent from the stage unlike in the Yuan dynasty 1271 1368 where women performed without restriction in theater troupes Despite the prevailing assumption that women played no part in the theatrical movement *The Courtesan's Memory Voice and Late Ming Drama* illuminates how courtesans as serious theater artists and playwrights left a significant mark on the male dominated dramatic and literary landscapes This study profoundly remaps the textbook narratives of gender bias challenges modern prejudices prevalent in the literary history of Chinese drama and reveals how theatrical conditions and writing styles shifted to accommodate courtesan performances Utilizing a wide range of sources such as scripts city guides biographies diaries letters wood block illustrations and paintings this study distinguishes itself from earlier studies of Chinese courtesans by not thematizing courtesans for their allegorical values but rather pinpointing their agency in shaping the features of Chinese theater and recognizing courtesans as a source of creativity and development in the medium Xu's focus on courtesan performance culture allows for fresh readings of canonical Chinese plays opening up new ways of understanding the history of Chinese drama written by women thus deviating from standard historiography based solely on the writings of men

Primitive Selves Everett Taylor Atkins, 2010 A gem to be consulted by all students of anthropology history ethnomusicology and colonial studies Hyung Il Pal author of *Constructing Korean Origins A Critical Review of Archaeology Historiography and Racial Myth in Korean State Formation Theories* **Lost Bodies: Prostitution and Masculinity in Chinese Fiction** Paola Zamperini, 2010-06-28 This important contribution to the study of early modern Chinese fiction and representation of gender relations focuses on literary representations of the prostitute produced in the Ming and Qing periods Following her heavily symbolic body the present work maps this fictional heroine's journey from innocence to sex work and beyond This crucial angle allows the author to paint a picture of gender identity sexuality and desire that is at once

unitary and multi layered and that comes to illuminate some of the major themes in the construction of Chinese modernity

Magic and Magicians in the Greco-Roman World Matthew Dickie,2003 This study is the first to assemble the evidence for the existence of sorcerors in the ancient world it also addresses the question of their identity and social origins The resulting investigation takes us to the underside of Greek and Roman society into a world of wandering holy men and women conjurors and wonder workers and into the lives of prostitutes procuresses charioteers and theatrical performers This fascinating reconstruction of the careers of witches and sorcerors allows us to see into previously inaccessible areas of Greco Roman life Compelling for both its detail and clarity and with an extraordinarily revealing breadth of evidence employed it will be an essential resource for anyone studying ancient magic

Hadriaan Beverland's De Peccato Originali (On Original Sin 1679) Hadriaan Beverland (1650-1716),2023-08-28 In his De peccato originali 1679 Hadriaan Beverland 1650 1716 presented his thesis that sex was the original sin and a vital part of human nature Building on contemporary insights into the history of the text of the Bible he criticised the hypocritical attitudes among the religious and social elite of his day concerning the biblical text and sexual morality The work became notorious in the seventeenth century and led to its author s banishment In the eighteenth century it exerted considerable influence on the way in which many in Europe came to see sexuality This annotated edition with English translation also includes a comprehensive introduction that includes a contextualization of the De peccato originali and its impact
