## **A Touch Away:**

**A Touch Away from Reality** Mark Christafari Dada, 2002 Do you want to brighten your path to enlightenment Hailed as the must have book when you need the right words to say at that very special moment Join the many lucky souls who have eyes to see thus did read and those who have ears to hear thus took heed to the wonderful teachings set before us in this classical masterpiece of pure poetic verse that shows the everlasting power of God in man This book chronicles the journeys of a man to the stage where he now sits and meditates Contained within its pages are poems prayers and odes written as the author felt them These works are original concepts and without any extensive review or latter editing Yet they show the state of being as it existed in the time and space which required such thoughts Spoken truly as poems of the soul During the course of writing his poetry Mark Christafari Dada I often delved into the depths of other beings Thus acting as the medium to transmit the wails of their souls He also shares with us his own transient understanding As the saying goes I never met a person I didn't like I myself can say I never met anyone who did not enjoy reading the works of this truly brilliant and uniquely humble soul For any individual who reads this far and continues not will likewise cut short the growth of their enlightenment

**Soccer Skills and Drills** James W. Lennox, 2006 Dribbling Receiving Passing Shooting Heading Tackling Goalkeeping Applying techniques tactically Developing positional tactics Coaching techniques and tactics **Directed by God** Yaron Peleg, 2016-09-13 As part of its effort to forge a new secular Jewish nation the nascent Israeli state tried to limit Jewish religiosity However with the steady growth of the ultraorthodox community and the expansion of the settler community Israeli society is becoming increasingly religious Although the arrival of religious discourse in Israeli politics has long been noticed its cultural development has rarely been addressed Directed by God explores how the country's popular media principally film and television reflect this transformation In doing so it examines the changing nature of Zionism and the place of Judaism within it Once the purview of secular culture Israel's media initially promoted alternatives to traditional religious expression however using films such as Kadosh Waltz with Bashir and Eyes Wide Open Yaron Peleg shows how Israel's contemporary film and television programs have been shaped by new religious trends and how secular Israeli culture has processed and reflected on its religious heritage He investigates how shifting cinematic visions of Jewish masculinity and gender track transformations in the nation's religious discourse Moving beyond the secular religious divide Directed by God explores changing film and television representations of different Jewish religious groups assessing what these representations may mean for the future of Israeli society

**Jewish Women** Katharina Galor, 2023-12-15 Jewish Women Between Conformity and Agency examines the concepts of gender and sexuality through the primary lens of visual and material culture from antiquity through to the present day The backbone of this transhistorical and transcontextual study is the question of Jewish women's agency in four different geographical chronological and methodological contexts beginning with women's dress codes in Roman Byzantine Syro Palestine continuing with rituals of purity in medieval Ashkenaz worship

in papal Avignon and the Comtat Venaissin and ending with marriage and divorce in Israeli film Each of these explorations is interested in creating a dialogue between the patriarchal legacy of the traditional texts and the chronologically corresponding visual and material culture The author challenges traditional approaches to the study of Jewish culture by employing tools from art history archaeology and film and media studies In each of these different contexts there is ample evidence that women despite persistent overall structural discrimination have found ways to challenge male constructs of gender norms Ultimately these examples from past and present times highlight women s eminence in shaping Jewish history and culture Bringing a new interdisciplinary lens to the study of the history of gender and sexuality the book will be of interest to students and researchers of Jewish history and culture art history archaeology and film studies **Hidden Light**

Dan Chyutin,2023-09-12 Contemporary Israeli cinema s engagement with Judaism as cultural identity and mystical tradition Over the past several decades the prevailing attitude toward Judaism in Israeli society has undergone a meaningful shift where the national ethos had once deemed Judaic traditions a vestige of an arcane past incompatible with the culture of a modern state there is now greater acceptance of these traditions by a sizeable part of Israeli society Author Dan Chyutin reveals this trend through a parallel shift toward acceptance and celebration of Judaic identity and lifestyle in modern Israeli cinema Hidden Light explores the Judaic turn in contemporary Israeli filmmaking for what it can tell us about Israel s cultural landscape as well as about the cinematic medium in general Chyutin points to the ambivalence of films which incorporate Judaism into Israel s secular ethos concurrently he foregrounds the films attempt to overcome this ambivalence through reference to and activation of experiences of transcendence and unity made popular by New Age inflected understandings of Jewish mystical thought By virtue of this exploration Judaic themed Israeli cinema emerges as a crucial example of how film s particular form of magic may be exploited for the purpose of affecting mystical states in the audience
