Crandall, James H. Alleman, 2004-05-13 There is widespread concern in the telecommunications industry that public policy may be impeding the continued development of the Internet into a high speed communications network In the absence of ubiquitous high speed broadband Internet connections for residential and small business customers the demand for IT equipment and new Internet service applications may stagnate Broadband policy is controversial in large part because of the differences in the regulatory regimes faced by different types of carriers Cable television companies face neither retail price regulation of their cable modem services nor any requirements to make their facilities available to competitors Local telephone companies on the other hand face both retail price regulation for their DSL service and a requirement imposed by the 1996 Telecommunications Act that they unbundle their network facilities and lease them to rivals Finally new entrants are largely unregulated but many rely on facilities leased from the incumbent telephone companies at regulated rates to connect to their customers This asymmetric regulation is the focus of this volume in which telecommunications scholars address the public policy issues that have arisen over the deployment of new high speed telecommunications services Robert W Crandall is a senior fellow in the Economic Studies program at the Brookings Institution His previous books include with Martin Cave Telecommunications Liberalization on Two Sides of the Atlantic 2001 and with Leonard Waverman Who Pays for Universal Service Brookings 2000 James H Alleman is an associate professor in interdisciplinary telecommunications at the College of Engineering and Applied Science University of Colorado on leave at Columbia University Layman's Guide to Stock Market & Investment Swati Dubey, 2012-10-10 Content Introduction to Stock Market The Benefits of Long Term Trading Vs Short Term Trading Economics of Trading in Stock Substitutes Management of the World Trading Systems Reverse Mortgage Guide to Mutual Funds Stock Picking Strategies Mutual Funds Transparency in India
