Volkswagen Beetles and Buses Russell Hayes, 2020-10-06 This illustrated history celebrates the 75th and 70th anniversaries of Volkswagen's two most iconic vehicles from the first Beetles spearheaded by Ferdinand Porsche in the 1940s to the buses that became synonymous with a generation. Volkswagen is one of the most beloved brands in motoring history thanks largely to two instantly recognizable vehicles: the Beetle and the Bus. More than 23 million VW Beetles have buzzed into the world since 1945 while the VW Bus presaged the minivan by thirty-plus years. *Volkswagen Beetles and Buses* examines and celebrates all aspects of the vehicles and the many cultural associations that have swirled around them for more than seven decades. The diminutive rear-engined and easily mass-produced Beetle became the most popular imported car in America during the 1960s. Its success was due to its familiar face, its wildly clever ad campaigns, and the sheer numbers produced. The equally compact yet spacious Bus, aka Kombi, Microbus, Type 2, Transporter, and simply van, has won millions of fans around the world with its practicality, simplicity, and design. In this beautifully illustrated and authoritatively written celebration, author Russell Hayes looks back at the vehicles while focusing on the classic air-cooled VWs that ran into the late 1970s. Along the way, readers witness the Beetle and Bus at work and at play and learn about vehicle development and growing roles in popular culture, including star appearances in films like *The Love Bug*, *Little Miss Sunshine*, *Footloose*, *Fight Club*, *The Big Lebowski*, and *Fast Times at Ridgemont High*, as well as television shows like *Lost* and *Once Upon a Time*, and on the covers of the Beatles' *Abbey Road* and Bob Dylan's *Freewheelin'* album. The story is brought up to date with coverage of the New Beetle and plans for the VW Buzz, a modern electric version of the iconic Microbus due in 2022. *Volkswagen Beetles and Buses* deserves a place in the motoring libraries of VW owners, automotive enthusiasts, and those simply interested in pop culture. It's the ultimate illustrated history of these beloved vehicles.

The Complete Book of Volkswagen GTI Russell Hayes, 2025-10-28 Take a visually thrilling joy ride through the complete history and influence of one of the most enduring and pleasurable consumer-focused sports cars of all time. March Anson and Scoot Bailey of the U.S. Navy (Illustrations) Gregory Duncan,2015-03-30 Example in this ebook CHAPTER ONE FAREWELL TO THE PLYMOUTH The launch purred smoothly across the calm waters of the harbor making for the Navy Yard pier Their feet braced against the slow roll of the boat two young men stood looking at the huge gray ship they had just left I m beginning to have my doubts Scoot Bailey said almost to himself Same here the other replied March Anson was shorter than his friend but more solidly and compactly built His gray blue eyes were steady and cool matching the set of his jaw but the crinkling lines at their corners showed that this apparently serious young man spent a good deal of time smiling or laughing She was a swell ship Scoot said sadly Was exclaimed March She still is Just because Bailey and Anson have left her don t you think she can carry on any longer A slow smile spread over his face as he turned to look at his friend But Scoot was serious Oh sure March he replied But she s out of our lives now She s past tense for us And well she s been just about everything to us for a year now home mother and sweetheart I know what you mean March said And it s natural for us to wonder if we ve done the right thing in being transferred Right now we re looking at what we re leaving In another ten minutes we ll be concentrating on what we re going to Scoot Bailey turned around and sat down I m going to start right now he grinned No use getting sentimental about the old Plymouth at this point I m going to start thinking about the Lexington or the Shangri La or whatever aircraft carrier I ll be on in a few months Good idea March agreed sitting beside the tall and gangling young man who now stared ahead at the Navy Yard But that s one trouble right

now Scoot Neither one of us knows exactly where he ll be If you knew exactly what ship you d be attached to you could make your thoughts more specific When you get there you know you ll love her just as much as you ve loved the Plymouth more in fact because you ll be flying at last Yes I know but what about you Scoot asked I still can t figure out why you want to be a pigboat man And what can you dream about now as you look into the future The name of some fish that s all Sure subs are named after fish March replied And they have some swell names too the Barracuda the Dolphin the Spearfish the Amberjack Yes they sound all right Scoot grinned But what if you re assigned to the Cod or the Herring or the Shad No I can t figure out what you see in those stuffy cramped oversized bathtubs This light hearted argument had been going on ever since March Anson and Scoot Bailey had been in the Navy together Neither one minded the jibes of the other but the dispute as to the respective merits of air and underwater craft never ended Cozy and snug March said stoutly that s what subs are Not cramped and stuffy Why they re all air conditioned now Maybe so Scoot said shaking his head but no air conditioning can match the clear blue sky a couple of miles up there where I ll be flying Boy what a chance Just what I ve always wanted Their departure from the cruiser Plymouth was forgotten now as they thought of their futures Only one aspect of that future was rarely mentioned by either of them and they tried not to think too much about it In their new activities they would not be together these two who had been inseparable friends for so many long years They had met in the first year of high school back in that small Ohio city which now during war seemed so many miles and so many years away Scoot had lived in Hampton all his life but March had just moved there from the farm which his mother had sold when his father died A widow with a son only thirteen years old could not run a 160 acre farm she had decided not if her son was to get the education she had determined he would have To be continue
