From Day to Day Odd Nansen, 2016-04-25 In 1942 Norwegian Odd Nansen was arrested by the Nazis and he spent the remainder of World War II in concentration camps Grini in Oslo Veidal above the Arctic Circle and Sachsenhausen in Germany For three and a half years Nansen kept a secret diary on tissue paper thin pages later smuggled out by various means including inside the prisoners hollowed out breadboards Unlike writers of retrospective Holocaust memoirs Nansen recorded the mundane and horrific details of camp life as they happened from day to day With an unsparing eye Nansen described the casual brutality and random terror that was the fate of a camp prisoner His entries reveal his constantly frustrated hopes for an early end to the war his longing for his wife and children his horror at the especially barbaric treatment reserved for Jews and his disgust at the anti-Semitism of some of his fellow Norwegians Nansen often confronted his German jailors with unusual outspokenness and sometimes with a sense of humor and absurdity that was not appreciated by his captors After the Putnam's edition received rave reviews in 1949 the book fell into obscurity In 1956 in response to a poll about the most undeservedly neglected book of the preceding quarter century Carl Sandburg singled out *From Day to Day* calling it an epic narrative which took its place among the great affirmations of the power of the human spirit to rise above terror torture and death Indeed Nansen witnessed all the horrors of the camps yet still saw hope for the future He sought reconciliation with the German people even donating the proceeds of the German edition of his book to German

refugee relief work Nansen was following in the footsteps of his father Fridtjof an Arctic explorer and humanitarian who was awarded the Nobel Peace Prize in 1922 for his work on behalf of World War I refugees Fridtjof also created the Nansen passport for stateless persons This new edition the first in over sixty five years contains extensive annotations and new diary selections never before translated into English Forty sketches of camp life and death by Nansen an architect and talented draftsman provide a sense of immediacy and acute observation matched by the diary entries The preface is written by Thomas Buergenthal who was Tommy the ten year old survivor of the Auschwitz Death March whom Nansen met at Sachsenhausen and saved using his extra food rations Buergenthal who later served as a judge on the International Court of Justice at The Hague is a recipient of the 2015 Elie Wiesel Award from the US Holocaust Memorial Museum **EBOOK:**

Systems Agostino Nuzzolo, William H. K. Lam, 2017-02-17 The growing mobility needs of travellers have led to the development of increasingly complex and integrated multi modal transit networks Hence transport agencies and transit operators are now more urgently required to assist in the challenging task of effectively and efficiently planning managing and governing transit networks A pre condition for the development of an effective intelligent multi modal transit system is the integration of information and communication technology ICT tools that will support the needs of transit operators and travellers To achieve this reliable real time simulation and short term forecasting of passenger demand and service network conditions are required to provide both real time traveller information and successfully synchronise transit service planning and operations control Modelling Intelligent Multi Modal Transit Systems introduces the current trends in this newly

emerging area Recent developments in information technology and telematics have enabled a large amount of data to become available thus further attracting transport researchers to set up new models outside the context of the traditional data driven approach The alternative demand supply interaction or network assignment modelling approach has improved greatly in recent years and has a crucial role to play in this new context
