Military Review ,2017 *Insight Turkey 2016 -Summer 2016 (Vol. 18, No.3)* , The date of July 15 2016 is a watershed in the history of democracy as well as in the history of Turkey On the night of July 15 the world witnessed an exceptional and historic event The Turkish people heroically stood up against the brutal coup plotters they became an example for other peoples on how to defend your nation and on what is the real meaning of national self determination At the same time they gave a valuable lesson to the Western governments on how to support a democratically elected government But more than anything Turkish people proved to themselves that it is they who decide for themselves for their future After all isn't that what democracy is all about The memory of what happened on July 15 will never be erased from the minds and hearts of the people who were in Turkey that night We all lost someone on the night of July 15 a mother a father a child a friend or someone that we did not even know but we broke into tears when we saw them giving their life for this country

The Caliphate at War Ahmed Hashim, 2018-02-01 ISIS's astonishing and unexpected military victories in 2014 and 2015 redrew the geopolitical map of the Middle East Media attention focused on the organisation's savage treatment of its enemies and its ability to attract foreign fighters but as this dispassionate book demonstrates it also made important innovations in strategy ideology and governance Ahmed S Hashim argues that by focusing their ideology first and foremost on extreme anti Shia sectarianism rather than on Western infidels ISIS founders were able to present themselves as the saviours of what they saw as the embattled Sunni nation in Iraq This enabled them to win the support of Sunni communities Moreover ISIS's stunning ability to take major cities was a result of its innovative tactics It sowed terror in advance of its attacks by using targeted assassinations to kill key city leaders and its decentralised regional command structure facilitated an unusual degree of coordination between small assault units At the same time the organisation made a serious effort to engage in state building and population control By going beyond the often starkly unpleasant current affairs of the Islamic State The Caliphate at War undertakes an essential investigation into the successes of the group to better understand how the movement has survived thrived and reshaped the Middle East
