A variety of activities keep students on their toes and practicing reading skills. Explore the themes of prejudice and social conventions and the part they play in a community. Explain Johnny's transformation through the eyes of Ponyboy. Answer multiple choice questions about Johnny and Ponyboy's time in the church. Match difficult vocabulary words to their meanings. Imagine interviewing Ponyboy about his actions while saving the trapped kids in the burning church. Explain how Cherry describes the duality of Bob. Aligned to your State Standards and written to Bloom's Taxonomy, additional crossword, word search, comprehension quiz, and answer key are also included. About the Novel: *The Outsiders* is the classic coming of age story about two social groups in 1960s Oklahoma. The Greasers and the Socs are rival social groups who engage in petty fights around town. Ponyboy and his friends are Greasers and get jumped by the Socs regularly. One night after leaving a local drive in, Ponyboy and his friend Johnny get jumped from a group of Socs who have a score to settle. Things go too far and one of the Socs gets killed. Ponyboy and Johnny now find themselves running from the police. After a week hiding out, the pair decide to return and face the consequences of their actions. Things go from bad to worse as the story faces its climax with a final rumble between the Greasers and the Socs.

Algorithmic Reading Comprehension Rahul Anand, Kamlesh Chauhan, 2018-10-10 Reading comprehension solving is a skill. It is different from literature in the sense that it is independent of interpretation. There is no subjectivity in RC questions. The art of solving can be learnt by mastering the topic at three levels. The ability to read to eliminate options and to build mistake patterns to learn from them. These three levels lie at the core of Algorithmic Reading Comprehension, an approach to build expertise in RC solving. This approach was created by my team and me over the past 6 years of training thousands of students for the Reading comprehension section for CAT, GMAT, and other aptitude based entrance examinations. The book deals with two major aspects of reading: Central Idea and Contextual Word Learning. It moves on to discuss the meaning of different question types asked across exams and
