Utopia or Bust Benjamin Kunkel, 2014-03-11 After the financial crash and the great recession the media rediscovered Karl Marx socialist theory and the very idea that capitalism can be questioned But in spite of the publicity the main paths of contemporary critical thought have gone unexplored outside of the academy Benjamin Kunkel's *Utopia or Bust* leads readers whether politically committed or simply curious through the most important critical theory today Written with the wit and verve of Kunkel's best selling novel *Indecision* this introduction to contemporary Leftist thinkers engages with the revolutionary philosophy of Slavoj Žižek the economic analyses of David Graeber and David Harvey and the cultural diagnoses of Fredric Jameson Discussing the ongoing crisis of capitalism in light of ideas of full employment debt forgiveness and fictitious capital *Utopia or Bust* is a tour through the world of Marxist thought and an examination of the basis of Western society today

Nineveh Or Bust Jamie Mitchell, 2004 Mitchell examines the life of the prophet Jonah and what happened once he received God's call to minister to the heathen Assyrians in Nineveh As readers will see Jonah did not respond positively in fact he resisted God's calling just as many people continue to do

All or None Kenneth Willeford, MD, 2016-06-08 The Bible claims that since the creation of the world God's invisible qualities his eternal power and divine nature have been clearly seen being understood from what has been made Creation science evaluates this claim and presents scientific evidence that contradicts evolution Since there are only two possibilities for the existence of life becoming convinced that evolution is not true leads to a new or deeper belief in God This is a new method to present the evolution and creation controversy in the context of a sequence of events which must all individually be evaluated to make a logical decision concerning belief in either This unique approach with the use of logic or common sense leads to a personal conclusion of the most philosophic question imaginable Is God Real

Myth-Busting in Science and Religion Jim Slagle,2025-07-14 Science and religion is one of those subjects where everyone knows a lot of things that just ain t so This is because of the numerous urban legends about how the two fields have interacted historically and how they do so today These false beliefs are ubiquitous in Western civilization especially in academia prompting many people to oversimplify the issues This book corrects many of these urban legends and confusions involving premodern cosmology the alleged persecution or even martyrdom of scientists for discoveries that challenged the religious status quo the history and nature of biological evolution the potential discovery of rational extraterrestrial life and whether miracles would somehow conflict with the laws that science has discovered As one might expect reality turns out to be much more complex than the stories suggest

Blare Laura Greeb,2024-07-08 She stared at his face wishing for a sign but expecting nothing less than that blank stare A terrible feeling welled up inside her He had said her name somehow he knew her and he asked her for help His words echoed in her mind broken What was broken Genesis had spent her whole life exploring but she had never come across anyone like Blare Through some mysterious circumstance

he was stricken with an illness that left him eerily robotic And somehow despite never meeting before he knew her name Determined to find a cure and the meaning behind his troubling words Genesis sets out on a series of adventures in search for answers But things do not go as planned and when a greedy merchant confuses Blare for a valuable robot Genesis grows anxious that Blare might never be healed And worst of all no healer has ever seen a sickness like Blare s and no one knows how to help him My Enemy's Boyfriend Linda Kage,2024-05-23 It was no mystery why I hated Genesis Gusano She liked to take other people s things The bitch stole a pair of my cutest shoes along with my favorite necklace and a school paper I d written which had nearly gotten me expelled from Haverick University entirely But the last straw came when she dared to take the one thing I d been pining over for two years Him I had craved Hudson Ivey in a way I didn t even know craving was possible and that was before I d learned his dang name He had no idea he d become a possession that two enemies were warring over All he wanted to do was graduate with his culinary arts degree and become the best chef possible But now he s stuck in Genesis s sick game until a ghost from his past changes all the rules possessing him in a whole new far more dangerous way I promised myself I was done with the paranormal life I was determined to be a normal everyday average girl But I can t just stand aside and watch him be destroyed So I guess it s time for a little Faith to step in and save the day
