German Federalism in Transition Carolyn Rowe, Wade Jacoby, 2013-10-18 Federalism in Germany has come to be viewed as the root cause of the country's current economic and social malaise. The federal political system which contributed enormously to the economic success and political stability of West Germany is now said to be outdated, overburdened and unworkable. German federalism is now widely seen as being synonymous with Reformstau (reform blockage) and Stillstand (inertia). Critics argue that the system urgently needs to change if Germany is to continue to compete in the global system. This major new text offers a unique scholarly evaluation of the major recent attempts to overhaul Germany's federal political architecture. It brings together thematic chapters by leading authorities on German federalism to provide a comprehensive assessment of the reform processes to date, their inception, scope, objectives and outputs. The contributions provide new insights into the dynamics of reform in key policy areas such as economic policy, Europe and the tax equalisation system as well as in the institutional frameworks for decision making. It will be essential reading for students of Germany's politics, law and economics. This book was published as a special issue of the German Politics.

Teaching Political Science: A Practical Guide for Instructors Amanda M. Rosen, 2024-08-01 This book applies the existing literature in the scholarship of teaching and learning to political science, advising discipline-specific tips, approaches and strategies to put immediately into practice. Keeping in mind the pace of an academic career, it also challenges the widely held misconception that being a good teacher requires a huge time investment. This book is meant for three core audiences: graduate students taking a course on teaching political science or about to embark on their first teaching experience; newly minted PhDs facing their first academic post and trying to figure out how to balance all of their new

responsibilities and veteran instructors looking to prepare a new course or revise an existing one
