**Trading & Investing 2-in-1 Ebook Bundle** Alan Kerrman, 2016-07-21 Investing Trading Bundle Welcome to the volatile stock futures options commodities and forex markets Not long ago I wrote a couple short books on my personal individual investor approach to investing Investing in DRIPs and Trading Options on Tech Stocks These two books are bundled here together specifically because I think these cover the two best ways to approach trading and investing But it wasn't exactly an accident My wife recently rolled out her 401k funds from a former employer's control into her own self-directed account She asked me what course of action I thought she should take and I laughed Didn't you read my books I said Yes she said intensely glaring at me in that loving way only a wife can do So after several conversations a few examples and looking at some options chains she sold puts in a couple stocks First on Target Corp TGT before the year ended which expired worthless in her favor and now she has some Apple AAPL puts at the 100 level which has been tested a couple times Another good friend we saw at a holiday party was asking me what I would do with a small windfall he had recently received Since I'm not a professional financial advisor please understand I don't go around giving advice These are just my spouse and friend asking my opinion so I feel okay showing them what I know I tell them to educate themselves because this stuff isn't too hard to understand Anyway I told my friend all about DRIPs and how it removed a lot of the fear in the market for me because you start to see the incredible benefits of up and down markets just like with options So even if this market is moving toward a minor pullback with increased volatility or a major correction these are two great investing and trading strategies to get under your belt And the time spent learning just how useful they are has been so worth it for me and my family Good luck to you and yours in the upcoming trading year and enjoy these two books included here in their original versions minus a few formatting changes to create this bundle

**Investing in the Homeland** Benjamin A.T. Graham,2019-01-23 Once viewed as a brain drain migrants are increasingly viewed as a resource for promoting economic development back in their home countries In Investing in the Homeland Benjamin Graham finds that diasporans migrants and their descendants play a critical role in linking foreign firms to social networks in developing countries allowing firms to flourish even in challenging political environments most foreign investors shun Graham s analysis draws on new data from face to face interviews with the managers of over 450 foreign firms operating in two developing countries Georgia and the Philippines Diaspora owned and diaspora managed firms are better connected than other foreign firms and they use social ties to resolve disputes and

influence government policy At the same time Graham shows that diaspora affiliated firms are no more socially responsible than their purely foreign peers at root they are profit seeking enterprises not development NGOs Graham identifies implications for policymakers seeking to capture the development potential of diaspora investment and for managers of multinational firms who want to harness diasporans as a source of sustained competitive advantage *The Wealth Navigator* Brandon Kay ,2024-04-25 Unlock the secrets to financial success with The Wealth Navigator Your Comprehensive Guide to Investing Success This comprehensive eBook is your roadmap to navigating the world of investing and achieving your financial goals Whether you re a beginner looking to learn the basics of investing or a seasoned investor seeking to refine your strategy this guide has something for everyone From understanding market fundamentals and developing an investment strategy to managing risk and navigating the psychology of investing each chapter is packed with valuable insights practical tips and actionable strategies to help you succeed Discover how to set clear financial goals build a diversified portfolio and make informed investment decisions Learn how to manage market volatility overcome common behavioral biases and stay disciplined in the face of uncertainty With clear explanations and real world examples The Wealth Navigator empowers you to take control of your financial future and build the wealth you deserve Whether your goal is to retire comfortably buy a home or fund your children s education investing can help you achieve your dreams Start your journey to financial freedom today with The Wealth Navigator Your Comprehensive Guide to Investing Success
