Effective and efficient design and provision of product-service systems Johannes Matschewsky, 2019-04-10 The world manufacturing companies operate in is changing In the past these companies relied on the design and sale of products Today this linear model of business is becoming increasingly insufficient As customers are more and more focused on their core business buying and operating machinery and other goods becomes unattractive to them In response to this manufacturing companies are expanding their value capture into additional stages of the product lifecycle by providing integrated offerings of products and services Product Service Systems PSSs Designing and providing PSSs is fundamentally different from traditional product sales Expanding to become a PSS provider is therefore challenging for companies with a history of designing and selling products Departing from this it is the aim of this thesis to support manufacturing companies in their expansion to effective and efficient design and provision of PSSs The research reported has both descriptive and prescriptive properties reflecting the goals of understanding the status quo in manufacturing companies practice and providing support based on this To establish a point of departure the current design and provision of two manufacturing companies expanding their business towards PSSs was investigated From this an in depth understanding of the status quo and a number of challenges emerged Based on this the research had the goal to contribute to identifying and developing solutions to these challenges with an initial focus on methods supporting PSS design and provision However although methods fitting to the challenges identified exist they appear to receive limited uptake in manufacturing companies practice In order to improve their practical utility a structured method is proposed to assist users in both academia and practice in developing methods in a requirements oriented fashion The utility of methods in improving the efficiency and effectiveness of PSS design and provision is thereby to be enhanced A particular challenge for manufacturing companies expanding to become PSS providers is the change in how value is captured Resulting from the extensive involvement throughout the lifecycle a need for a broader multidimensional understanding of value capture was identified However the manufacturing companies investigated have been found to experience challenges in grasping this change with a focus on a product sales centric understanding of value capture remaining prevalent To support companies towards reaping the benefits of the expansion to PSS design and provision methods to explore how value is currently created and captured in the use phase and how to enhance the future value capture based on that information in the design phase have been developed and applied As a result broadly relevant value dimensions were attained aiming to facilitate a lifecycle focused effective and efficient design and provision of PSSs Eventually to broaden the understanding of effective and efficient design and provision of PSSs in practice today the potential contributions of real world PSSs to a

circular economy were investigated based on an existing framework The result was ambiguous indicating both advancements compared to traditional sales and substantial room for improvement particularly with a focus on the absolute decoupling of economic activity and resource use Based on the synthesis of the research results manufacturing companies are supported in their expansion to effective and efficient design and provision of PSSs and towards a promising future **Social Capital**

and Well-being of Teachers and Principals: Social Support and Beyond Simon Beausaert,Eva Kyndt,2023-02-08

Warranty Chain Management Albert Liao,2022-06-29 This book aims to provide a systemic viewpoint for enterprise to establish the warranty chain management system This book includes warranty management practice reverse logistics product reliability engineering data statistics and analysis industry 4 0 and artificial intelligence circular supply chain and sustainable design and other basic theories and case descriptions The author has many years experience in academic and industrial management and provides a management framework that especially takes into account 1 the implementation aspect promotion of warranty plan and statistical analysis of data 2 strategic aspect digital application and sustainable development with an overall system building point of view to describe the steps of warranty chain management step by step There are rich industry cases in this book which has highly reference value for students researchers and practitioners Also this book fits to be used as teaching and training material in engineering management which builds an overview of the product life cycle management from warranty service till the recovery stage **The Impacts of Language and Literacy**

Policy on Teaching Practices in Ghana Philomena Osseo-Asare,2021-03-15 This text critically examines changes in Ghanaian language and literacy policy following independence in 1957 to consider its impacts on early literacy teaching By adopting a postcolonial theoretical perspective the text interrogates the logic behind policy changes which have prioritised English local language or biliteracy It draws on data from interviews with teachers and researcher observation to demonstrate how policies have influenced teaching and learning Dr Osseo Asare s findings inform the development of a conceptual framework which highlights the socio cultural factors that impact the literacy and biliteracy of young children in Ghana offering solutions to help teachers combat the challenges of frequent policy changes This timely monograph will prove to be an essential resource not only for researchers working on education policies teacher education and English language learning in postcolonial Ghana but also for those looking to identify the thematic and methodological nuances of studying literacy and education in postcolonial contexts *Strategic Management and the Circular Economy* Marcello Tonelli,Nicolò

Cristoni,2018-10-26 In recent years the Circular Economy CE has gained worldwide attention as an effective alternative economic system to the current take make waste model of production and consumption As more and more firms begin to recognize the potential of this novel approach the CE quickly moves from theory to practice and the demand for a coherent and structured strategic approach one that companies can rely upon when commencing their circular journey grows accordingly *Strategic Management and the Circular Economy* aims to bridge the theory practice gap by putting forward a

detailed step by step process for analysis formulation and planning of CE strategies Starting from a solid framework of easy to grasp constructs key principles business objectives and areas of intervention the authors guide the reader through an understanding of how conventional tools for strategic management can be re programed under a CE perspective To assist learning and encourage circular thinking the reader is constantly prompted with examples of how forward looking companies across industries and geographies are already applying circular strategies to future proof their operations boost innovation penetrate new markets and secure customer loyalty **House Document** ,2014 **Pulp and Paper Industry** Pratima Bajpai,2016-01-22 Pulp and Paper Industry Energy Conservation presents a number of energy efficient technologies and practices that are cost effective and available for implementation today Emerging energy efficient technologies and future prospects in this field are also dealt with Qualitative and quantitative results data on energy savings for various steps of pulp and paper making process are presented There is no specific book on this topic This will be a comprehensive reference in the field Thorough and in depth coverage of energy efficient technologies and practices in paper and pulp industry Presents cost effective and available for implementation today technologies Discusses Biotechnological processes especially enzymatic processes in the pulp and paper industry to reduce the energy consumption and improve the product quality Presents qualitative and quantitative results data on energy savings for various steps of pulp and paper making process **Rand McNally Bankers Directory and the Bankers Register with List of Attorneys** ,1919 *Bulletin signalétique* Centre national de la recherche scientifique (France),1976
