Interactivity, Collaboration, and Authoring in Social Media Krystina Madej,2016-01-22 This book includes a short history of interactive narrative and an account of a small group collaboratively authored social media narrative Romeo and Juliet on Facebook After Love Comes Destruction At the forefront of narrative innovation are social media channels speculative spaces for creating and experiencing stories that are interactive and collaborative Media however is only the access point to the expressiveness of narrative content Wikis messaging mash ups and social media Facebook Twitter YouTube and others are on a trajectory of participatory story creation that goes back many centuries These forms offer authors ways to create narrative meaning that reflects our current media culture as the harlequinade reflected the culture of the 18th century and as the volvelle reflected that of the 13th century Interactivity Collaboration and Authoring in Social Media first prospects the last millennium for antecedents of today s authoring practices It does so with a view to considering how today s digital manifestations are a continuation perhaps a reiteration perhaps a novel pioneering of humans abiding interest in interactive narrative The book then takes the reader inside the process of creating a collaborative interactive narrative in today s social media through an authoring experience undertaken by a group of graduate students The engaging mix of blogs emails personal diaries and fabricated documents used to create the narrative demonstrates that a social media environment can facilitate a meaningful and productive collaborative authorial experience and result in an abundance of networked personally expressive and visually and textually referential content The resulting narrative After Love Comes Destruction based in Shakespeare s Romeo and Juliet shows how a generative narrative space evolved around the students use of social media in ways they had not previously considered both for authoring and for delivery of their final narrative artifact

Constructing the Self in a Digital World Cynthia Carter Ching, Brian J. Foley, 2012-09-10 It has become popular in recent years to talk about identity as an aspect of engagement with technology in virtual environments in games in social media and in our increasingly digital world But what do we mean by identity and how do our theories and assumptions about identity affect the kinds of questions we ask about its relationship to technology and learning Constructing the Self in a Digital World takes up this question explicitly bringing together authors working from different models of identity but all examining the role of technology in the learning and lives of children and youth **Advertising On The Internet** Godfrey Harris, 2001 The Internet Is Today The Most Reliable And Accurate Medium For Advertising It Offers Transparency And Targeted Advertising That Is Far More Reliable Than Conventional Media Available Its Allows Marketers To Deliver Personalized And Real Time Messages To Specific Consumers And That Too At A Fraction Of The Cost And With Greater Measurability The Interactive Nature Of This Medium Makes It Ideal For Marketeers To Get Instant Feedback Countries With Large Population Like India Are Destined To Have A Large Market Online And Hence Greater Avenues For Internet Advertisers From Just About Rs 24 Crore In 1999 The Online Advertising Will Be Rs 60 Crore By The End Of 2000 And Will Reach A Whopping Rs 750 Crore By The Year 2002 The Book Would Be Found Highly Useful By The Industrial And Business Houses In Planning The Most Effective And Economical Advertising Plans **Soldiers** ,1995 *Deviant Behavior* Charles H. McCaghy, Timothy A. Capron, J.D. Jamieson, Sandra Harley H. Carey, 2016-01-08 Using the framework of interest group conflict this text combines a balanced comprehensive overview of the field of deviance with first hand expertise in the workings of the criminal justice system Deviant Behavior Seventh Edition surveys a wide range of topics from explanations regarding crime and criminal behavior measurement of crime violent crime and organizational deviance to sexual behavior mental health and substance abuse This new edition continues its tradition of applying time tested sociological theory to developing social concepts and emerging issues **Fizzle** Norman Gerard, 2009-12-21 Fizzle is a compilation a journal if you will of events and snippets from my experience in the film industry for over forty years There was no place to log the bumpy ride that led to the demise of the American Independent film movement an industry that once sizzled You might say this book

is about the Fizzle of the Sizzle It is wishful thinking on my behalf to believe this book will explain how the sharks got away with fleecing filmmakers and why they will continue to do so Indie filmmakers unlike the dinosaurs will reinvent themselves The hope is that this journal might save a few schmucks who are as naive as I was when I made my first two films The nightmare is that it might attract a new generation of scumbags who can learn how to screw filmmakers Both scenarios will undoubtedly play out To paraphrase Shaw in my sole disclaimer I often quote myself in order to spice things up a bit Norman Gerards tome is full of sound and fury Hes got an impassioned viewpoint about why it all went wrong The time has come for someone to offer a bruising critique to speak truths about the indie world that the media has largely either chosen to ignore or missed while they fell in love with the colorful young characters and the so called spirit of American indie cinema Gerard would argue that spirit is more like a disease that the so called honesty of the American indie film movement masked essential business deceptions that would inevitably lead to the current disastrous landscape Prepare for a rollicking ride through good times and bad high art and low lifes auteurs and con artists Gerard has them all in the pages of this book If there were any money left for indie film productions it might make a great film and it clearly won t be a studio backed picture Its got corrosive honesty hard hitting political implications sleazy characters no major star would want to play all topped off by a downbeat ending Theres one word for the spirit of this tome Its truly INDEPENDENT Steven Gaydos Variety Executive Editor *Boston University* Sally Ann Kydd,2002-04-01 Most universities begin with a plot of land on which to build This was not the case with Boston University Founded originally in Newbury Vermont in 1839 the school moved to Concord New Hampshire in 1847 and finally took root in Boston in 1867 The university developed seven schools and colleges within the first few years with more to come later Located in the center of a vibrant city Boston University has become the fourth largest independent university in the nation In Boston University follow the development of the school as it grew and changed over one hundred and sixty years Through vintage images learn about the Boston University School of Oratory where the telephone was invented the Massachusetts Agricultural College in the heart of the city and subterranean passages in some of the earliest buildings Find out about the ghost that haunted one campus building and why the institution was not named Rich University for one of its founders and most generous donors The Art of Straightening Nails Randy Judd,2017-12-31 The Art of Straightening Nails is a story of hope conquering self and regaining lost love This novel should appeal to anyone who has struggled to reclaim their lives from pains of the past I was drawn into the story of protagonist Robert Rhodes from page one It is the story of the strength and courage of a growing boy who sees for himself a better future despite a poverty stricken neglectful past The reader cannot help but love the main character and weep for his life s story Author Randy Judd does a masterful job with his character development This is an amazing story of hope and the unbelievable triumph of the human spirit Amazon Review Set in the South during the 60 s and 70 s the saga follows Robert Rhodes as he reminisces about his life His childhood had not been a pleasant innocent experience Aside from the poverty and

endless disappointment his family endured the boy had also known personal challenges of neglect and abuse Even as an adult Robert continues to be fettered by his past After realizing the source of his lifelong pain he confronts his past in a dramatic climax to the story Not until Robert deals with his past is he able to be emancipated from it His new freedom allows him to find the love and success he had always sought The Art of Straightening Nails leaves the reader with hope and empowerment in conquering their own barriers to happiness **Weeki Wachee Springs** Maryan Pelland, Dan

Pelland, 2006-03-29 Mermaids are like leprechauns its very hard to sneak up and catch a glimpse of one But in a hamlet on the Gulf Coast of Florida people have been able to do just that since 1947 when Newton Perry opened a small roadside attraction with an underwater theater For nearly 60 years live mermaids have been the unique focal point of Weeki Wachee Springs Mysterious and enchanting these young performers have done everything from teaching a class to typing a letter underwater They are carefully trained completely enthusiastic and delightful to see Wander through the pages of this book and meet the mermaids of Weeki Wachee in their magical underwater theater
