Alien Sex English Edition:

Intimate Alien David J. Halperin, 2020-03-24 A voyage of exploration to the outer reaches of our inner lives UFOs are a myth says David J Halperin but myths are real The power and fascination of the UFO has nothing to do with space travel or life on other planets It s about us our longings and terrors and especially the greatest terror of all the end of our existence This is a book about UFOs that goes beyond believing in them or debunking them and to a fresh understanding of what they tell us about ourselves as individuals as a culture and as a species In the 1960s Halperin was a teenage UFOlogist convinced that flying saucers were real and that it was his life s mission to solve their mystery He would become a professor of religious studies with traditions of heavenly journeys his specialty With *Intimate Alien* he looks back to explore what UFOs once meant to him as a boy growing up in a home haunted by death and what they still mean for millions believers and deniers alike From the prehistoric Balkans to the deserts of New Mexico from the biblical visions of Ezekiel to modern abduction encounters *Intimate Alien* traces the hidden story of the UFO It s a human story from beginning to end no less mysterious and fantastic for its earthliness A collective cultural dream UFOs transport us to the outer limits of that most alien yet intimate frontier our own inner space Bulletin English Edition International Labour Office, 1907 Hair of the Alien Bill

Chalker, 2005-08-19 The shocking true story of a case unlike any other in the annals of UFO investigation DNA research or alien abduction July 23 1992 In Sydney Australia twenty eight year old Peter Khoury was awoken by what appeared to be two females both striking and unearthly kneeling on his bed What transpired between them was a physical assault as bizarre and disorienting as it was unnatural Then as quickly as they had arrived they vanished Khoury had become one of a legion of alien abductees with inexplicable experiences but this particular incident stood apart from all the others This time there was evidence two strands of white blond hair from one of the females Khoury s case would result in the very first forensic DNA analysis of alien abduction evidence and revealed an extraordinary biological anomaly one genetically close to human yet almost impossibly far from the human mainstream A gripping account of one of the great mysteries of our time *Hair of the Alien* brings us closer than ever before to understanding our past our origins and our place in the universe **Semantics**

Sexual Revolution in Early America Richard Godbeer, 2004-02-18 An Alternate Selection of the History Book Club In 1695 John Miller a clergyman traveling through New York found it appalling that so many couples lived together without ever being married and that no one viewed ante nuptial fornication as anything scandalous or sinful Charles Woodmason an Anglican minister in South Carolina in 1766 described the region as a stage of debauchery in which polygamy was very common concubinage general and bastardy no disrepute These depictions of colonial North America s sexual culture sharply contradict the stereotype of Puritanical abstinence that persists in the popular imagination In *Sexual Revolution in Early America* Richard Godbeer boldly overturns conventional wisdom about the sexual values and customs of colonial Americans His eye opening historical account spans two centuries and most of British North America from New England to the Caribbean exploring the social political and legal dynamics that shaped a diverse sexual culture Drawing on exhaustive research into diaries letters and other private papers as well as legal records and official documents Godbeer s absorbing narrative uncovers a persistent struggle between the moral authorities and the widespread expression of popular customs and individual urges Godbeer begins with a discussion of the complex attitude that the Puritans had toward sexuality For example although believing that sex could be morally corrupting they also considered it to be such an essential element of a healthy marriage that they excommunicated those who denied conjugal fellowship to their spouses He next examines the ways in which race and class affected the debate about sexual mores from anxieties about Anglo Indian sexual relations to the sense of sexual entitlement that planters held over their African slaves He concludes by detailing the fundamental shift in sexual culture during the eighteenth century towards the acceptance of a more individualistic concept of sexual desire and fulfillment Today s moral critics in their attempts to convince Americans of the social and spiritual consequences of unregulated sexual behavior often harken back to a more innocent age as this groundbreaking work makes clear America s sexual culture has always been rich vibrant and

Quakers and the American Family : British Settlement in the Delaware Valley Amherst Barry Levy Assistant Professor of History University of Massachusetts,1988-06-30 Americans have an unusually strong family ideology We believe that morally self sufficient nuclear households must serve as the foundation of a republican society In this brilliant history Barry Levy traces this contemporary view of family life all the way back to the Quakers ____ Levy argues that the Quakers brought a new vision of family and social life to America one that contrasted sharply with the harsh formal world of the Puritans in New England The Quaker emphasis was on affection friendship and hospitality They stressed the importance of women in the home and of self disciplined non coercive childrearing ____ This book explains how and why the Quakers had such a profound cultural impact and why more so in Pennsylvania and America than in England and what the Quakers experience with their own radical family system can tell us about American family ideology ____ Who were the Northwest British Quakers and why did their family system so impress English French and New England reformers Voltaire Crèvecoeur Brissot Emerson George Bancroft Lydia Maria Child and Lousia May Alcott to name just a few To answer this question Levy tells the story of a large group of Quaker farmers from their development of a new family and communal life in England in the 1650s to their emigration and experience in Pennsylvania between 1681 and 1790 The book is thus simultaneously a trans Atlantic community study of the migration and transplantation of ordinary British peoples in the tradition of Sumner Chilton Powell's Puritan Village the story of the formation and development of a major Anglo American faith and an exploration of the origins of American family ideology
