Iranian Immigration to Israel Ali L. Ezzatyar, 2022-06-01 Exploring the fascinating history behind Iranian Jewish immigration to Israel this book offers a rare and untold history of one of Israel's Middle Eastern Jewish populations Over the 20th century thousands among Iran's Jewish community left their ancestral homes and immigrated to the Jewish State while thousands of others remained in Iran even after the birth of the Islamic Republic of Iran Using firsthand narratives the evolution of Zionist activities and recruitment in Iran over the last century is covered alongside an Iranian Jewish population that unlike other Middle Eastern Jewish communities did not ultimately arrive in the Holy Land as a majority of their community For those that did arrive or make aliyah the Israeli nation building process had unique ramifications The integrative process and current status of the Iranian community in Israel is also examined providing an intimate picture of Iranian life in Israel nearly 75 years after Israel's establishment A natural addition to any collection on Jewish or Israeli history and essential reading for a full understanding of Iran Israel relations enthusiasts of Israeli nation building and affairs as well as Iranian history demographics and politics will find this book invaluable

A History of Literary Criticism in Iran, 1866-1951 Iraj Parsinejad, 2003 Cultural writing Literary criticism Middle Eastern Studies A HISTORY OF LITERARY CRITICISM IN IRAN contains comprehensive research on the works of the leading figures in the field of literary criticism in modernist Iranian thought in the nineteenth century Mirza Fath Ali Akhundzade Mirza Malkom Khan Mirza Abd al Rahim Talebof and Zeyn al Abedin Maraghe i Inclusion of Ahmad Kasravi and Sadeq Hedayat was considered appropriate later due to some common aspects of critical attitude to the predecessors These criticisms were the first seeds of modern literary criticism sown in the field of social and political life in Iran Parsinejad is well known to researchers in the field of Iranian studies The publication of this book is useful in familiarizing readers with one of the most crucial aspects of progressive and critical thought in the Iranian modern era

The Iranian Military in Revolution and War (Rle Iran D) Sepehr Zabir, 2011-02-28 This book is a fascinating critical examination of the characteristics and development of the armed forces in Iran their role under the Shah and their re creation in the war against Iraq as the fighting forces of Islam The author examines the contradictory accounts including the Shah's own Answer to History as well as newly available accounts by highly placed ex officials and interviews with exiled army officers He examines in detail the apparent shift of allegiance within the forces from the Shah to Imam and the ways in which this was accomplished Major Iranian offensives changing strategies from human wave assault to the Tankers War and the delicate balance between the regular Army and the Revolutionary Guards are also extensively examined The book concludes with an analysis of the potential role of the armed forces in a succession crisis

Iranian Mathematics Competitions 1973-2007 Bamdad R. Yahaghi, 2010-01-15 A collection of problems from a competition for college students organised by the Iranian Mathematical Society It compiles problems from these competitions between 1973 and 2007 and provides solutions to most of them It is suitable for students of mathematics

preparing for competitions and for advanced studies Iran, Islam and Democracy Ali M. Ansari, 2019-05-15 The surprise election of Hasan Rouhani in 2013 has refocused attention on the dynamics between Islam and democracy in Iran after the hiatus of the Ahmadinejad presidency With comparisons being drawn between Rouhani and his predecessor the late Reformist President Mohammad Khatami there has never been a better time for a close look at the rise and fall of the Reform movement in Iran situating it within the context of the politics of managing change This revised and updated edition incorporates recent work on the presidential election crisis of 2009 along with the election of Rouhani in 2013 and an additional essay on the idea of reformism in Iran in historical context The study remains then most comprehensive account of the politics of reform and in situating the Rouhani presidency within that context it shines a clear light on the pressures and pitfalls Iran faces in politics and international relations **The World Factbook** ,2008 **Imagining Iran** Majid Sharifi, 2013-08-22 Thematically this book problematizes Iranian official nationalism It reviews how every modern Iranian regime since the constitutional revolution of the 1905 06 has failed to legitimize its official identity resulting in the fall of five different regimes The book details how the collapse of each regime resulted in the interruption of the official meaning of being Iranian as well as the meanings of its enemies What remained the same was how every Iranian regime represented itself as the agent of a particular national desire defined in terms of making Iran to become sovereign developed democratic and constitutional Nonetheless no regime was able to convince a great majority of the people that it achieved what it represented This book makes three specific contributions The first contribution is pedagogical By focusing on the dynamics of regime changes it provides a heuristic model for identifying challenges that all Iranian regimes have faced Moreover the book is a comprehensive review of the disruptive oppressive and bloody nature of the rise and fall of different regimes The second contribution is theoretical Rather than examining the behavior of various Iranian regimes in isolation from their international context the book examines how each regime got to understand itself in relations to its imperial others By examining the governmental rationality of each regime the book offers a better theoretical framework for understanding political development not only in Iran but also in all other Middle Eastern and South Asian states Finally the third contribution of this book is its critical approach to the main body of the literature on Iran modernity development democracy and constitutionalism *International Law Reports* Elihu Lauterpacht, C. J. Greenwood, A. G. Oppenheimer, 2002-07-18 The International Law Reports is the only publication in the world wholly devoted to the regular and systematic reporting in English of decisions of international courts and arbitrators as well as judgments of national courts Among the cases reported in volume 121 are two Malaysian High Court decisions and one ICJ decision which all relate to the Cumaraswamy immunity case Volume 121 also includes three important investment protection decisions two of these under ICSID and the full reporting of the S D Myers Inc v Canada Partial Award 13 November 2000 of NAFTA Arbitration Tribunal under the UNCITRAL Rules A selection of both European and international human rights cases also feature including the important

ICTY torture case relating to Anton Furundzija The remainder of the volume is taken up with national cases mainly from the United States of America *The Rise of Nuclear Iran* Dore Gold,2009-08-24 In the West liberal politicians and pundits are calling for renewed diplomatic engagement with Iran convinced that Tehran will respond to reason and halt its nuclear weapons program Yet countries have repeatedly tried diplomatic tactics all of which have utterly failed In *The Rise of Nuclear Iran* Gold examines these past failures and shows how Iran employed strategic deception and delay tactics to hide its intentions from the West **Iran Almanac and Book of Facts** ,1969 [Iran Country Study Guide Volume 1 Strategic Information and Developments](#) IBP, Inc,2012-03-03 *Iran Country Study Guide Strategic Information and Developments Volume 1 Strategic Information and Developments* **Iran Revisited** Ali Pirzadeh,2016-04-20 This book examines Modern Iran through an interdisciplinary analysis of its cultural norms history and institutional environment The goal is to underline strengths and weaknesses of Iranian society as a whole and to illustrate less prescriptive explanations for the way Iran is seen through a lens of persistent collective conduct rather than erratic historical occurrences Throughout its history Iran has been subject to many studies all of which have diagnosed the country s problem and prescribed solutions based on certain theoretical grounds This book intends to look inward seeking cultural explanations for Iran s perpetual inability to improve its society The theme in this book is based on the eloquent words of Nasir Khusrau a great Iranian poet *az mast ki bar mast* The words are from a poem describing a self adoring eagle that sees its life abruptly ended by an arrow winged with its own feathers the bird is doomed by its own vanity The closest interpretation of this idiom in Western Christian culture is you reap what you sow which conveys a similar message that underlines one s responsibility in the sense that sooner or later we must face the choices we make This would enable us to confront and live up to what Iran s history and culture have taught us

Arab-Iranian Relations Since the Arab Uprisings Mahjoob Zweiri,2023-09-01 Unlike most writing on Arab Iran relations which looks at specific episodes and specific countries this book taking a long term view assesses the overall dynamics of the relationship discussing in particular how far religion or politics drives the relationship It argues that although Iran asserts that religion is a key factor underpinning a coherent approach to international relations in fact what turns out to be the key factor is the politics of particular circumstances and Iran s specific interests The book considers Iran s differing reactions to the Arab uprisings of 2011 onwards showing that while Iran supported the uprisings in some countries it sided with repressive governments in other countries The book also examines Iran s reaction to its own outbreak of popular discontent in 2009 which was controlled by what has been considered as severe repression and explores how Iran is viewed by ordinary people in different Arab countries Chapter 1 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license **Pakistan Statistical Yearbook** ,1970 **Iran's Nuclear Impasse** United States. Congress. Senate. Committee on Homeland Security and Governmental Affairs. Subcommittee on Federal Financial Management, Government Information,

and International Security,2007 Contemporary Iran Ali Gheissari,2009-04-02 Iran is a key player in some of the most crucial issues of our time But because of its relative diplomatic isolation and the partisan nature of conflicting accounts voiced by different interest groups both inside and outside the country there is a shortage of hard information about the scale and depth of social change in today s Iran In this volume and imposing roster of both internationally renowned Iranian scholars and rising young Iranian academics offer contributions many based on recent fieldwork on the nature and evolution of Iran s economy significant aspects of Iran s changing society and the dynamics of its domestic and international politics since the 1979 revolution focusing particularly on the post Khomeini period The book will be of great interest not only to Iran specialists but also to scholars of comparative politics democratization social change politics in the Muslim world and Middle Eastern studies Iran and the International System Anoushiravan Ehteshami,Reza Molavi,2012-03-29 Much attention in the West has focused on Iran as a problem country This book challenges the representations of Iran as a hostile regional power led by ideologues and goes further by discussing how international relations are viewed from inside Iran itself outlining the factors which underpin Iranian thinking on international relations and considering what role Iran as a large and significant country in the Middle East ought to play in a fairly constructed international system The book is written by leading scholars and policy makers from inside as well as from outside Iran and includes academics with unparalleled access and insights into the world views of the Iranian leadership Subjects covered include the rationale of Iran s Islamic constitution including its electoral system and the impact this has on international relations Iran s view of the ideal international system including the place therein of ethics justice and security Iran s international interests including energy needs and relations with the West including the clash between Iranian and Western views of the world order *Iran and Cultural Centers in Europe* Mohammed Alsulami,Mahmoud Abu Alqasim,2024-10-22 Iranian cultural centers play a crucial role in expanding Iran s influence beyond its borders making them one of the country s most significant assets The importance of these centers is evident within the context of the Wilayat al Faqih ideology which is a critical part of Iranian foreign policy With a complex mix of geopolitical religious and sectarian factors at play Iran seeks to become a dominant regional power The Iranian government understands the importance of cultural centers in achieving these objectives and has invested heavily in their development Iran s global ambitions have sparked a profound interest in Iranian communities in Europe extending beyond their traditional sphere of influence In pursuit of their political and religious goals Iran established cultural centers in Europe which have been politicized to align with their foreign policy objectives However incidents associated with these centers raised alarm and prompted European authorities to probe into their activities It is of utmost importance to scrutinize their role and assess whether they are linked to Iranian security and intelligence apparatuses according to European governments The significant nature of these centers and their potential impact on European security is comprehensively analyzed in this book **Handbook of Revolutions in the 21st Century** Jack A. Goldstone,Leonid

Grinin, Andrey Korotayev, 2022-05-19 The 21st century has witnessed a considerable and increasing number of political revolutions around the world. This contradicts the popular belief of many experts in the 1970s that revolutions occurred mainly in monarchies and empires. Instead, the revolutions of this century have several new characteristics which call for a renewed analysis of the subject. This handbook offers a comparative perspective on the new wave of revolutions of the last decade. Presenting case studies on the color revolutions, the Arab revolutions of 2010-2011, and the global wave of revolutions in 2013-2018 that spanned regions ranging from Africa to the Caucasus, it offers a better understanding of the varied forms, features, and historical backgrounds of revolutions as well as their causes. Accordingly, it highlights recent revolutions in their historical and world systems contexts. The handbook is divided into seven parts, the first of which examines the history of views on revolution and important aspects of the theory of revolution. The second part analyzes revolutions within long-term historical trends and in their world system contexts. In turn, the third part explores specific major revolutionary waves in history. The fourth part analyzes the first revolutionary wave of the 21st century, 2000-2009, the so-called color revolutions, while the fifth discusses the second wave, the Arab Spring, 2010-2013, as an important turning point. The sixth part is dedicated to analyzing revolutions and revolutionary movements beyond the Arab Spring and some revolutionary events from the third wave that began in 2018. The seventh and final part offers forecasts on the future of revolutions. Given its scope, the book will appeal to scholars and students from various disciplines interested in historical trends, sociopolitical change, contentious politics, social movements, and revolutionary processes involving both nonviolent campaigns and political violence. Once again, this volume demonstrates the kind of open-minded systematic analysis that the field of revolutionary studies requires.
