1st Additional Language Paper 2 Mpumalanga November 2014

Stéphane Goldstein

1st Additional Language Paper 2 Mpumalanga November 2014:

Informed Societies Stéphane Goldstein, 2020-01-07 This book explains how and why information literacy can help to foster critical thinking and discerning attitudes enabling citizens to play an informed role in society and its democratic processes In early 21st century societies individuals and organisations are deluged with information particularly online information Much of this is useful valuable or enriching But a lot of it is of dubious quality and provenance if not downright dangerous Misinformation forms part of the mix The ability to get the most out of the information flow finding interpreting and using it and particularly developing a critical mindset towards it requires skills know how judgement and confidence such is the premise of information literacy This is true for many aspects of human endeavour including education work health and self enrichment It is notably true also for acquiring an understanding of the wider world for reaching informed views for recognising bias and misinformation and thereby for playing a part as active citizens in democratic life and society This ground breaking and uniquely multi disciplinary book explores how information literacy can contribute to fostering attitudes habits and practices that underpin an informed citizenry The 13 chapters each come from a particular perspective and are authored by international experts representing a range of disciplines information literacy itself but also political science pedagogy information science psychology **Informed Societies Why Information literacy matters for citizenship participation and democracy** covers why information literacy and informed citizens matter for healthy democratic societies information literacy s relationship with political science information literacy s relationship with human rights how information literacy can help foster citizenship participation empowerment and civic engagement in different contexts school students refugees older people and in wider society information literacy as a means to counter misinformation and fake news the challenges of addressing information literacy as part of national public policy The book will be essential reading for librarians and information professionals working in public libraries schools higher education institutions and public bodies knowledge and information managers in all sectors and student of library and information science students especially those at postgraduate Masters level who are planning dissertations Because of the topicality and political urgency of the issues covered the book will also be of interest to students of political science psychology education and media studies journalism policy makers in the public commercial and not for profit sectors and politicians implications of information use and information digital literacy
