

Introduction to Probability

e.g. 1. Two dice are rolled and the sum of the numbers on the uppermost faces are added. What is the probability of getting a 7?

Thinking about this we realise that we can get 7 in a number of ways.

For example, 1 on the 1st die and 6 on the 2nd or 2 on the 1st and 5 on the 2nd. Also, what about 5 on the 1st and 2 on the 2nd? There are also other possibilities.

These possibilities are equally likely so we can use the definition to find $P(7)$ but it's not easy to see in how many ways the event can arise.

To solve this problem we can draw a **possibility space** diagram and the answer is then easy to see.

Authentication of Hadith Israr Ahmad Khan, 2010-01-01 In today's complex and volatile world the consequences of relying on fraudulent and counterfeit Hadith to legitimize extremist behavior issue violent fatwas and justify blatant abuse particularly of women is not only far too easy but in fact dangerous Israr Khan addresses the sensitive topic of Hadith authentication focusing on the criteria adopted by classical scholars to maintain that concentration on the continuity and accuracy of the chain of narrators rather than the textual content of Hadith has led to particular Hadith being included which either contradict other Hadith directly project the Prophet SAAS in an uncharacteristic light or do not reflect and or conflict with the teachings of the Qur'an The study traces in careful detail the historical development of the oral and written traditions as well as the many targeted attempts at fabrication that took place critiquing in methodical detail certain Hadith which have come to be widely accepted as authentic The prominent collections we have today were made possible by the development of the science of Hadith criticism and Muslim scholars deserve deep appreciation for their painstaking work as well as their invaluable contribution towards preserving the Hadith literature to the best of their ability However insists the author the process is ongoing and the closed door policy which currently surrounds Hadith authentication needs to be carefully reexamined *Irish Chancery Reports*, 1852 *Report* United States.
