

A woman with long, dark, wavy hair is lying down, propped up on her left arm. She is looking towards the camera with a slight smile, her right hand resting near her mouth. She is wearing a dark, strapless top. The background is a soft, out-of-focus grey and white. The overall mood is sensual and intimate.

Early Indian Terracottas Joachim Karl Bautze, 2023-11-27 Early Indian Terracottas considers Northern Indian terracottas from the third century B C to the first century A D It is in these four centuries that in the most literal sense of the word the earth was prepared to form the necessary basis for the Buddhist Brahmanic and Jain iconography for centuries to come This survey introduces mainly hitherto unpublished and complete figurines and plaques rather than fragments as is the case with most other publications on the same or similar subject The mostly complete and well preserved moulded plaques and figurines will provide a fresh and clearer insight into the very refined art of the earlier Indian terracottas which until recently were considered more as pieces of ethnographic interest or folk art rather than art objects in their own right

Mossin, 2024-12-15 Broad ranging and pluralistically investigative the essays in Thinking with the Poem document Rachel Blau DuPlessis s authorial interventions as a poet scholar and cultural critic steeped in the linguistic and political frames of her time The writers included in this volume engage root level questions at the heart of DuPlessis s praxis as posed by her in a recent essay What is a poem what is a poet what is an oeuvre what is the poetic Inventive and noncanonical these essays offer substantive responses to these and other questions providing new routes of inquiry into the poetry and poetics of this preeminent figure of new writing **Lesbian Lives** Maggie Magee, Diana C. Miller, 2013-05-13 In this groundbreaking re visioning of lesbianism Magee and Miller transcend a literature that for decades has focused on the timeworn and misconceived task of formulating a lesbian specific psychology Rather they focus on a set of interrelated issues of far greater salience in our time the developmental and psychological consequences of identifying as homosexual and of having lesbian relationships Their consideration of these issues leads to a rigorous review of major psychoanalytic and biological theories about female homosexuality and a probing examination of current notions of gender identity These tasks set the stage for Magee and Miller s own model of psychologically mature sexuality between members of the same sex The developmental and clinical issues taken up in specific chapters of Lesbian Lives include the challenges facing lesbian adolescents the psychological and social significance of coming out the various meanings and contexts of coming out as a gay or lesbian analyst the interaction of individual psyche and social context in clinical work with lesbian patients and the history of homosexual therapists and psychoanalytic training The chapter on Bryher the lesbian identified life partner of the poet

Hilda Doolittle Freud's patient H.D. relying on unpublished documents is not only a wonderful exemplification of themes developed throughout the work but an invaluable contribution to psychoanalytic history. *Lesbian Lives* is a heartening sign of the generous scholarship and humane impulse that are transforming psychoanalysis in our time. In writing infused with an experiential immediacy born of personal participation in the stories they tell, Magee and Miller weave a multiplicity of narratives into a fabric of explanation far richer, far more colorful, far truer to lived experience than anything psychoanalysis has heretofore offered on the subject. **PC Mag**, 1990-09-11.
