LOL at the GOP - Volume 4: Guns, Jesus, Corporations, and Fetuses Craig Rozniecki, 2014-04-14 What do you get when a group of people worships a non violent individual and guns in the same breath while believing businesses and unborn beings should have more rights than women minorities and homosexuals According to author Craig Rozniecki and his eleventh book it's the modern day Republican Party In *LOL at the GOP Volume 4 Guns Jesus Corporations and Fetuses* Rozniecki answers the following questions Is it wise to run a marathon with a gun can stroking horses cure people of homosexuality do liberals talk about abortion while in the shower and many others Not only that but in this book Rozniecki plays the undeclared Fox News game The Three Degrees of Benghazi has some fun with the GOP's Obamacare paranoia and even goes so far as to refute Louisiana Republicans belief that President Obama was more to blame for the poor Hurricane Katrina response than former President George W Bush So sit back relax and for the fourth time get ready to LOL at the GOP

The Kind-Hearted Smart Aleck - Volume 2: The Wisecracks Continue (Censored Version) Craig Rozniecki, 2014-04-10 Want something cheap which will make you laugh like you're on nitrous oxide feel as high as a kite shaped like a marijuana plant and drunk while still being completely legal Then grab yourself a bottle of whiskey and read this book *The Kind Hearted Smart Aleck Volume 2 The Wisecracks Continue* In this book Craig Rozniecki author of *The Kind Hearted Smart Aleck* and the *LOL at the GOP* series goes in depth with more topics than an obsessive mathematician would care to count which include What passing bills would be like if Congress was drunk where narcissists can go for dating besides a mirror why saying just sayin is kind of annoying how there can be such a thing as a germaphobic nymphomaniac and more So go on grab that bottle of whiskey sit back and laugh harder than a dentist nicknamed Dr Chuckles while reading Rozniecki's tenth book *The Kind Hearted Smart Aleck Volume 2 The Wisecracks Continue*

[LOL at the GOP - Volume 6: Orange Is the New Crazy](#) Craig Rozniecki, 2016-10-13 What do you get when you cross an elderly overgrown Oompa Loompa with a child on steroids The 2016 Republican presidential nominee Donald Trump Trump has taken his party and the country by storm as he smooth talked his way past sixteen other candidates in the GOP primary by calling Mexicans rapists mocking

disabled reporters and basically telling his next door neighbors they re going to pay for a fence he wants to place around his own backyard In this book you ll read all about Which state believes dentists provide abortions in addition to cleanings whether or not Ben Carson thinks the Middle East includes the states of North Carolina and Virginia why Ted Cruz appears to understand basketball about as well as sloths understand speed walking as well as anything and everything that is Donald J Trump Yes orange might be the new black in the world of Netflix but orange has become the new crazy in the world of politics

Book Wars John B. Thompson, 2021-03-04 This book tells the story of the turbulent decades when the book publishing industry collided with the great technological revolution of our time From the surge of ebooks to the self publishing explosion and the growing popularity of audiobooks *Book Wars* provides a comprehensive and fine grained account of technological disruption in one of our most important and successful creative industries Like other sectors publishing has been thrown into disarray by the digital revolution The foundation on which this industry had been based for 500 years the packaging and sale of words and images in the form of printed books was called into question by a technological revolution that enabled symbolic content to be stored manipulated and transmitted quickly and cheaply Publishers and retailers found themselves facing a proliferation of new players who were offering new products and services and challenging some of their most deeply held principles and beliefs The old industry was suddenly thrust into the limelight as bitter conflicts erupted between publishers and new entrants including powerful new tech giants who saw the world in very different ways The book wars had begun While ebooks were at the heart of many of these conflicts Thompson argues that the most fundamental consequences lie elsewhere The print on paper book has proven to be a remarkably resilient cultural form but the digital revolution has transformed the industry in other ways spawning new players which now wield unprecedented power and giving rise to an array of new publishing forms Most important of all it has transformed the broader information and communication environment creating new challenges and new opportunities for publishers as they seek to redefine their role in the digital age This unrivalled account of the book publishing industry as it faces its greatest challenge since Gutenberg will be essential reading for anyone interested in books and their future
