Milton and the Reformation Aesthetics of the Passion Erin Henriksen, 2009-11-23 Scholarship on Milton's view of God the Father and the Son has focused on the author's theological beliefs For Milton these are equally artistic questions and to address them this study considers the precedents in Christian art that provide models for portraying the divine within a reformed context Milton's revision of the passion tradition in his short poems of 1645 and his later epic poems substitutes a living obedient and subservient Son in place of late medieval representations of the crucifixion His alternative passion unfolds through a poetic vocabulary of fragmentation omission and restoration drawing on iconoclasm as an artistic strategy This study addresses the long standing question about Milton's avoidance of the crucifixion and contributes to the broader study of his reformed poetics

The Logic of Intersubjectivity Darren M. Slade, 2020-08-27 To survey harsh criticisms against Brian Douglas McLaren 1956 readers gain the inaccurate impression that he is a heretical relativist who denies objective truth and logic While McLaren's inflammatory and provocative writing style is partly to blame this study also suspects that his critics base much of their analyses on only small portions of his overall corpus The result becomes a caricature of McLaren's actual philosophy of religion What is argued in this book is that McLaren's philosophy of religion suggests a faith based intersubjective relationship with the divine ought to result in an existential appropriation of Christ's religio ethical teachings When subjectively internalized this appropriation will lead to the assimilation of Jesus kingdom

priorities thereby transforming the believer's identity into one that actualizes Jesus kingdom ideals The hope of this book is that by tracing McLaren's philosophy of Christian religion future researchers will not only be able to comprehend and perhaps empathize with McLaren's line of reasoning but they will also possess a more nuanced discernment of where they agree and disagree with his overall rationale Eerie Archives Volume 2 Archie Goodwin,2023-11-14 A gruesome gold mine of horror suspense and the supernatural Eerie magazine and its partner in crime Creepy set the bar for gripping tales of terror in the comics medium Collecting the groundbreaking series Eerie Archives is now available in a value priced paperback edition Under a jaw dropping cover painting by Frank Frazetta lies a collection of chilling tales written by comics legend Archie Goodwin and illustrated by a murderer's row of top talents including Steve Ditko Gene Colan Neal Adams Gray Morrow Johnny Craig Dan Adkins and more Collects Eerie magazine 6 10 **Amazing Stories** ,1929 Art of Theater K.A.
