Mary Stephens Corbishley MBE, 1905-1995 Ian M. Stewart, 2010 This biography is about Mary S Corbishley who pioneered an unorthodox method of teaching young deaf children speech lipreading and English She believed that these three fundamental elements formed an ideal beginning of preparing deaf children from an early age for higher education and after school life in the hearing world where they had equal rights with hearing peers She was a devout Christian woman whose calling for this enterprising adventure was inspired by the Bible and her faith in God As a young woman in 1929 she unexpectedly left home and embarked on a long journey which was to last for the rest of her life and career as a teacher of young deaf children Having courageously set up her Oral School for deaf children in 1939 she tirelessly fought against ignorance officialdom scepticism and prejudice and triumphed in establishing a well loved and highly praised School at Mill Hall in Cuckfield in 1948 which was to enjoy fame and a world wide reputation for 50 years until

its much lamented closure in 1996 Her work revolved around deaf children whom she loved all her life

Met His Every Goal? Tom Chaffin, 2014-12-31 Soon after winning the presidency in 1845 according to the oft repeated anecdote James K Polk slapped his thigh and predicted what would be the four great measures of his administration the acquisition of some or all of the Oregon Country the acquisition of California a reduction in tariffs and the establishment of a permanent independent treasury Over the next four years the Tennessee Democrat achieved all four goals And those milestones along with his purported enunciation of them have come to define his presidency Indeed repeated ad infinitum in U S history textbooks Polk's bold listing of goals has become U S political history's equivalent of Babe Ruth's called home run of the 1932 World Series in which the slugger allegedly gestured toward the outfield and on the next pitch slammed a home run But then again as Tom Chaffin reveals in this lively tour de force of historiographic sleuthing like Ruth's alleged called shot of 1932 the four measures anecdote hangs by the thinnest of evidentiary threads Indeed not until the late 1880s four decades after Polk's presidency did the story first appear in print In this eye opening study Tom Chaffin author historian and since 2008 editor of the multi volume series *Correspondence of James K Polk* dispatches the thigh slap anecdote and other misconceptions associated with Polk In the process Chaffin demonstrates how the four measures story has skewed our understanding of the 11th U S president As president Polk enlarged his nation's area by a third thus rendering it truly a coast to coast continental nation state Indeed the anecdote does not record and effectively obscures complex events including notable failures such as Polk's botched effort to purchase Cuba as well as his inability to shape the terms of California's and the New Mexico territory's admission into the Union Cuba would never enter the federal Union and those other tasks would be left for successor presidents Indeed debates over the future of slavery in the United States debates accelerated by Polk's territorial gains eventually produced perhaps the central irony of his legacy A president devoted to national unity further sectionalized the

nation's politics widening geopolitical fractures among the states that soon led to civil war Engagingly written and lavishly illustrated *Met His Every Goal* intended for general readers students and specialists offers a primer on Polk and a revisionist view of much of the scholarship concerning him and his era Drawing on published scholarship as well as contemporary documents including heretofore unpublished materials it presents a fresh portrait of an enigmatic autocrat And in Chaffin's examination of an oft repeated anecdote long accepted as fact readers witness a case study in how historians use primary sources to explore and in some cases explode received conceptions of the past
