- The first political parties were formed after the revolution: federalists and anti-federalists
 - Anti-federalists later became the Democratic-Republicans
 - Federalists collapsed after the War of 1812
- The election of 1824 started the second party system creating democrats and republicans (whig party)
 - Beginning of modern political parties
- Political machines- organizations that secure the votes for party's candidates or supported the party in other ways
- Personal politics- focused on building direct relationships with voters rather than on promoting specific issues

- Plurality Voting (first-past-the-post)- based on the principle that the individual candidates with the most votes wins, despite the majority
- Proportional electoral system- parties advertise who is on their candidate list and voters pick a party, then legislative seats are given based on support percent
