challenges In general climate resilience building remains complex and lagging due to increased vulnerabilities induced by global disease emergencies such as COVID 19 increased poverty due to global recessions poor governance corruption and several other internal and external factors Therefore the need to increase cooperation amongst Southern African states to pursue common development goals cannot be overemphasized Rich with case studies expert analyses and systematic reviews this book is an essential read for policymakers researchers and those invested in the future of rural Southern Africa *Some New World* Peter Harrison,2024-04-18 In his famous argument against miracles David Hume gets to the heart of the modern problem of supernatural belief We are apt says Hume to imagine ourselves transported into some new world where the whole form of nature is disjointed and every element performs its operation in a different manner from what it does at present This encapsulates observes Peter Harrison the disjuncture between contemporary Western culture and medieval societies In the Middle Ages people saw the hand of God at work everywhere Indeed many suppose that belief in the supernatural is likewise fundamental nowadays to religious commitment But dichotomising between naturalism and supernaturalism is actually a relatively recent phenomenon just as the notion of belief emerged historically late In this masterful contribution to intellectual history the author overturns crucial misconceptions myths about secular modernity challenging common misunderstandings of the past even as he reinvigorates religious thinking in the present *International Business* Shad Morris,James Oldroyd,2023-03-21 An incisive and comprehensive exploration of international business in the modern world In the newly updated third edition of *International Business* an accomplished team of educators and business practitioners delivers a revitalized approach to the discipline that brings international business to life This latest edition of the book includes one of a kind chapters on sustainability poverty and innovation as well as new Mini Simulation activities explorations of the Covid 19 pandemic and its effects on commerce the business implications of social and civic justice race and inequality debates new whiteboard animations a video and podcast series and new case studies on equity diversity and inclusion at Microsoft *International Business* efficiently prepares students for the global economy and transforms the authors impressive international experience at multi national corporations into an indispensable pedagogical resource **The Global Evolution of Clinical Legal Education** Richard J. Wilson,2018 Clinical legal education has revolutionized legal education from its deepest origins in the nineteenth century to its now global reach **UN Peacekeeping in Africa** Kwame Akonor,2016-11-17 This timely volume explores the dark side of United Nations UN Peacekeeping in Africa when rather than help establish a rule of law in the host country they become perpetrators of crime The work of the UN peacekeepers is generally comprised of police and military personnel from countries who contribute voluntarily to assist war torn countries create conditions for lasting peace Overall these peacekeeping efforts are perceived positively with volunteers giving their time and risking their lives to bring normalcy and peace to civilians in countries with conflict In fact there are cases where UN Peacekeepers are sometimes the victims of violent crimes and need security and protection themselves Although

instances of abuse are not widespread and are certainly not isolated to Africa this work focuses on Africa because there is a high concentration of UN Peacekeepers there and lessons learned can be applied to other regions The instances of abuse cover serious crimes including sexual abuse and exploitation child and arms trafficking and corruption all of some of the most vulnerable populations in the world at the time Although these instances are not extensive they remain a fundamental problem because there is no existing mechanism for prosecution in the international area it is only the troops home country not the UN who has the right to exercise criminal jurisdiction The also undermine the good work that UN Peacekeepers are doing all over the world This work is concerned with highlighting why these instances occur and why specific forms of abuse are more prevalent than others It also discusses how to prevent abuse and violations from happening in the first place and creating a culture of change and accountability Finally taking into account cultural and legal systems from troops home countries the author considers the ways that local rules can be aligned with international standards In will be of interest to researchers in Criminology and Criminal Justice International Relations Sociology and Demography Public Health Comparative Law and other related disciplines

Handbook of Flood Risk Management and Community Action Divine Kwaku Ahadzie,David Proverbs,Robby Soetanto,Victor Oluwasina Oladokun,2023-12-08 Recurring and worsening flood incidence around the world has necessitated the understanding and strengthening of community based flood risk management from an international perspective This handbook emphasises the need for community action as part of an integrated flood risk management approach highlighting case studies that have received recognition and made positive impacts resulting in resilience enhancing actions which can improve global community understanding The content has been arranged such that it covers flood risk management approaches in the three main interfaces of before during and after the flood event Experts writing on case studies from Africa Oceania Europe Asia and the Americas come together to present lessons from regional and continental experiences that will be useful in providing an understanding of the nature and effectiveness of the human centred approach The successful implementation of local and scientific knowledge as complementary measures is also highlighted in a systematic review on the use of technologies for flood risk reduction This

interesting and diverse range of contributions seeks to showcase opportunities for cross cultural knowledge transfer and uptake in the field of flood risk management This handbook is essential reading for researchers policy makers and leaders involved in flood and disaster management in the built environment risk assessment environmental and civil construction engineering and community action planning *Cultures of Sustainable Peace* Hyab Teklehaimanot Yohannes, Alison Phipps, Tawona Sitholé, 2024-12-10 This book shifts the focus of peacebuilding away from nation states and international organisations to make a powerful argument that sustainable peacebuilding is the work of ordinary people It brings together work done in Gaza Ghana Mexico Morocco and Zimbabwe alongside work with refugees in Scotland to argue for a place for successful intercultural relations as a central aim of peacebuilding moving beyond the more usual focus on economic development With a particular emphasis on addressing gender based violence and the role of women in peacebuilding together with a central role for arts and culture as a means of resistance and social change the chapters represent the fruit of collaborative work across geographical and cultural borders between artists activists and academics bringing a wide range of disciplinary perspectives to bear on situations of violence and precarity In a world where peace work can feel increasingly futile this book makes a powerful case for the crucial role of local action and cultural work and play in the creation of a better future The book will be open access under a CC BY ND licence

The Anglophone Question and Postcolonial

Hegemony in Cameroon Vol II Lyombe Eko, 2025-05-04 The Anglophone Question Postcolonial Hegemony in Cameroon The Past that Did Not Pass is a comprehensive collection of essays and analyses that explore the historical colonial postcolonial legal and international relations aspects of the politico cultural and linguistic crisis between the English speaking former British Southern Cameroons now divided into the Northwest and Southwest regions and the French speaking majority of the former French Cameroon la République du Cameroun This conflict has shaken Cameroon to its core since the 1990s and led to an armed conflict between the government of Cameroon and Anglophone non state armed groups The premise of this book is that the Anglophone Question the problematic situation of the muted English and Pidgin speaking minority in French Cameroon is one of the unfinished items of business of World War I and the Treaty of Versailles of 1919 that resolved the conflicts of that great conflict The Anglophone conflict has been exacerbated by the authoritarian republican chieftaincy that was installed in Cameroon after independence and reunification This neo patrimonial kleptocratic regime of Cameroon has with the support of its international partners emphasized the argument of force rather than the force of argument thereby creating yet another frozen African conflict
