imagine it as sense this is a book about our human ways of making and losing meaning Brett Bourbon asserts that our complex and variable relation with language defines a domain of meaning and being that is misconstrued and missed in philosophy in literary studies and in our ordinary understanding of what we are and how things make sense Accordingly his book seeks to demonstrate how the study of literature gives us the means to understand this relationship The book itself is framed by the literary and philosophical challenges presented by Joyce s Finnegans Wake and Wittgenstein s Philosophical Investigations With reference to these books and the problems of interpretation and meaning that they pose Bourbon makes a case for the fundamental philosophical character of the study of literature and for its dependence on theories of meaning disguised as theories of mind Within this context he provides original accounts of what sentences fictions non fictions and poems are produces a new account of the logical form of fiction and of the limits of interpretation that follow from it and delineates a new and fruitful domain of inquiry in which literature philosophy and science intersect Table of Contents Preface Note on Abbreviations Introduction What Are We When We Are Not Part I The Surface of Language and the Absence of Meaning 1 From Soul Making to Person Making 2 The Logical Form of Fiction 3 The Emptiness of Literary Interpretation 4 To Be But Not To Mean 5 How Do Oracles Mean Part II Senses and Nonsenses Joyce s Finnegans Wake and Wittgenstein s Philosophical Investigations 6 A Twitterlitter of Nonsense Askesis at Finnegans Wake 7 The Analogy between Persons and Words 8 The Human Body Is the Best Picture of the Human Soul 9 The Senses of Time 10 Being Something and Meaning Something Bibliography Acknowledgments Index This is an adventurous and unusual book Bourbon moves back and forth between literary and philosophical contexts with ease showing in multifarious ways how the one can often in unexpected ways illuminate the other Throughout these wide ranging explorations Bourbon uncovers a good deal about both the nature of literary meaning and our distinctive if tellingly irreducible relations to literary texts Garry L Hagberg author of Art as Language Wittgenstein Meaning and Aesthetic Theory and Meaning and Interpretation Wittgenstein Henry James and Literary Knowledge Congressional Record United States.
