World Monarchies and Dynasties John Middleton, 2015-06-01 Throughout history royal dynasties have dominated countries and empires around the world Kings queens emperors chiefs pharaohs czars whatever title they ruled by monarchs have shaped institutions rituals and cultures in every time period and every corner of the globe The concept of monarchy originated in prehistoric times and evolved over centuries right up to the present Efforts to overthrow monarchies or evade their rule such as the American French Chinese and Russian revolutions are considered turning points in world history Even today many countries retain their monarchies although in vastly reduced form with little political power One cannot understand human history and government without understanding monarchs and monarchies This fully illustrated encyclopedia provides the first complete survey of all the major rulers and ruling families of the world past and present No other reference work approaches the topic with the same sense of magnitude or connection to historical context Arranged in A Z format for ease of access *World Monarchies and Dynasties* includes information on major monarchs and dynasties from ancient time to the present This set includes overviews of reigns and successions genealogical charts and dynastic timelines addresses concepts problems and theories of monarchy provides background and information for further research highlights important places structures symbols events and legends related to particular monarchs and dynasties includes a master bibliography and multiple indexes

Taking Religion Seriously Across the Curriculum Warren A. Nord, Charles C. Haynes, 1998 The authors chart a middle course in our war over religion and public education one that builds on a developing national consensus among educational and religious leaders While it is not proper for schools to practice religion or proselytize neither is it permissible to make them religion free zones Schools do not take religion seriously as the authors review of textbooks and the new national content standards makes clear In Part One they outline the civic constitutional and educational frameworks that should shape the treatment of religion in the curriculum and classroom In Part Two they explore major issues relating to religion in different domains of the curriculum in elementary education and in middle and high school courses in history civics economics literature and the sciences They also discuss Bible courses and world religions courses and explore the relationship of religion to moral education and sex education

Archaeology Zena Kamash,Katy Soar,Leen Van Broeck,2022-10-06 This book adds to the scant academic literature investigating how comics transmit knowledge of the past and how this refraction of the past shapes our understanding of society and politics in sometimes damaging ways The volume comes at these questions from a specifically archaeological perspective foregrounding the representation and narrative use of material cultures It fulfils its objectives through three reception studies in the first part of the volume and three chapters by comic creators in the second part All six chapters aim to grapple with a set of central questions about the power inherent in drawn images of various kinds

Doing History Linda S. Levstik,Keith C. Barton,2015-01-30 Now in its fifth edition Doing History offers a unique perspective on teaching and learning history in the elementary and middle grades Through case studies of teachers and students in diverse classrooms and from diverse backgrounds it shows children engaging in authentic historical investigations often in the context of an integrated social studies curriculum The premise is that children can engage in valid forms of historical inquiry collecting and analyzing data examining the perspectives of people in the past considering multiple interpretations and creating evidence based historical accounts Grounded in contemporary sociocultural theory and research the text features vignettes in each chapter showing communities of teachers and students doing history in environments rich in literature art writing discussion and debate The authors explain how the teaching demonstrated in the vignettes reflects basic principles of contemporary learning theory Doing History emphasizes diversity of perspectives in two ways readers encounter students from a variety of backgrounds and students themselves look at history from multiple perspectives It provides clear guidance in using multiple forms of assessment to evaluate the specifically historical aspects of children s learning

The Trouble with Textbooks Gary A. Tobin, Dennis R. Ybarra, 2008-07-31 School textbooks in Iran Saudi Arabia Egypt and elsewhere in the Arab and Muslim worlds are filled with anti Western and anti Israel propaganda Most readers will be shocked to discover that history and geography textbooks widely used in America's elementary and secondary classrooms contain some of the very same inaccuracies about Jews Judaism and Israel Did you know that there is no record of any important Jewish contribution to the sciences World Civilizations Thomson Wadsworth Or that Christianity was started by a young Palestinian named Jesus The World Scott Foresman Pearson Supplemental materials and other classroom influences are even worse The Trouble with Textbooks exposes the poor scholarship and untruths in textbooks about Jews and Israel The problems uncovered in this ground breaking analysis are instructive and illustrate the need for reform in the way textbooks are developed written marketed and distributed Substitute another area how we teach American history Western civilization or comparative religion and we have another equally intriguing case study The Trouble with Textbooks shows what can go terribly wrong in discussing religion geography culture or history and in this case all of them The Trouble with Textbooks tells a cautionary tale for all readers whatever their background of how textbooks that Americans depend on to infuse young people with the values for good citizenship and to help acculturate students into the multicultural salad that is American life instead disparage some groups and teach historical distortions With millions of young people using these textbooks each year the denigration of some should be a concern for all

Ancient Civilizations Sixth California: Bestsellers in 2023 The year 2023 has witnessed a remarkable surge in literary brilliance, with numerous captivating novels enthralling the hearts of readers worldwide. Lets delve into the realm of top-selling books, exploring the engaging narratives that have charmed audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has gripped readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can prevail. Uncover the Best : Taylor Jenkins Reid's "The Seven Husbands of Evelyn Hugo" This intriguing historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reid's captivating storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens' "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These top-selling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of engaging stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and thrilling novel that will keep you wondering until the very end. The novel is a warning tale about the dangers of obsession and the power of evil.
