The Genesis of Germs Alan Gillen, 2007-01-01 As the world waits in fear the CDC and world health organizations race to minimize the current pandemic a looming threat that has forced international federal and local governments to deal with COVID19 and other future epidemics and the widespread death and devastation which would follow Will the world find the answers in time Or will we see a deadly threat ravage populations as others have before in 1918 with influenza in the late 18th century with yellow fever or the horrific black death or bubonic plague in 1347 AD Are these viruses examples of evolution Did God make microbes by mistake Are they accidents of evolution out of the primordial soup These timely questions are examined throughout this book from chapter 1 It seems that a new and more terrible disease is touted on the news almost daily The spread of these scary diseases from avian flu to SARS to AIDS is a cause for concern and leads to questions such as Where did all these germs come from How do they fit into a biblical world view What kind of function did these microbes have before the Fall Does antibiotic resistance in bacteria prove evolution How can something so small have such a huge deadly impact on the world around us Professor Alan Gillen sheds light on these and many other questions in this revealing and detailed book He shows how these constantly mutating diseases are proof for devolution rather than evolution and how all of these germs fit into a biblical world view Dr Gillen shows how germs are symptomatic of the literal Fall and Curse of creation as a result of man's sin and the hope we have in the coming of Jesus Christ *The Conflict of the Ages Teacher Edition I The Scientific History of Origins* Michael J. Findley, Mary C. Findley, Teacher Edition includes complete student text review questions vocabulary and answer keys The Conflict of the Ages is a Multi Part exploration of History Science and ancient Literature This first installment covers the concepts of God time Creation physics cosmology and specifics about each day of Creation We make comparisons with ancient sources to see where they agree with the Scriptural account We reference classic and modern scientific views exposing errors preconceptions presuppositions and falsehoods taught as fact by the mainstream scientific community God is the first witness and the Bible the first eyewitness account of beginnings and origins Other ancient documents contain at least some truths and parallel accounts *Already Gone* Ken Ham, Britt Beemer, 2009-05-01 Over 100 000 copies in print If you look around in your church today two thirds of the young people who are sitting among us have already left in their hearts soon they will be gone for good This is the alarming conclusion from a study Answers in Genesis commissioned from America's Research Group led by respected researcher Britt Beemer The results may unnerve you they may shake long held assumptions to the core but these results need to be taken seriously by the church *Already Gone* reveals Why America's churches have lost an entire generation of believers The views of 1 000 twenty somethings solidly raised in the church but no longer attending and their reasons why Relevant statistical data effectively teamed with powerful apologetics The study found that we are losing our kids in elementary middle school and high school rather than college and the Sunday school syndrome is contributing to the epidemic rather than helping

alleviate it This is an alarming wake up call for the church showing how our programs and our approaches to Christian education are failing and our children are paying the price Though the statistics reveal a huge disconnect taking place between our children and their church experience Already Gone shows how to fight back for our families our churches and our world We can make a difference today that will affect the statistics of tomorrow in a positive and Christ focused way

Already Compromised Dr. Greg Hall, Steve Ham, Todd Hillard, 2011-05-01 Will a Christian college build a student's faith or tear it down Parents and students sacrifice large sums of money for a Christian college education Why They are purchasing a guarantee their child's faith in God and the Bible will be guarded and developed But is the Bible being taught Will they graduate believing in the inerrancy of Scripture the Flood of Noah's Day and a literal six day creation Apologetics powerhouse Ken Ham and Dr Greg Hall reveal an eye opening assessment of 200 Christian colleges and universities In an

unprecedented 2010 study by America Research Group college presidents religion and science department heads were polled on critical areas of Scripture and core faith questions Ken Ham is an accomplished author of some of the most popular and effective apologetics research on the market He is the founder of Answers in Genesis U S and the president of the Creation Museum I have no doubt that the average church member would be shocked and outraged to discover how many supposedly evangelical colleges and universities have more or less given up their commitment to biblical inerrancy and the authority of Scripture especially when dealing with the early chapters of Genesis I m grateful for this important work by Ken Ham and Greg Hall documenting the many compromises that have ravaged the Christian academy Already Compromised is a much needed wake up call and a summons to arms for faithful courageous Bible believers We need to stand up declare our faith and defend the truth of Scripture courageously The stakes are high and the battle may be more fierce than ever but God will bless those who honor His Word May He bless us with clear unwavering voices John MacArthur
